

ESSAY ABOUT MYSELF SAMPLE

Staring at all those blank canvases in Mr. Kraine Devaughn's art class, she marvelled at the beauty of what could she draw on it. She is not like any other kid for she does not settle in crayons and paper like any other kid—she likes to make art. There are a lot of things going on through her mind, from landscapes to portraits although she was only five. She cannot decide what to draw thinking whether or not she could give justice to the thing she would draw. One thing she knows though, the ability to make art is in everyone's hand. As the years went by, her life which she considers a blank canvas turns into a picture of an art enthusiast longing for more knowledge of art.

From the arts class room and outside, art has always been in her mind and she lives art. She joined the AAA Middle School arts club and became the president of the club in seventh grade. In high school, she also joined many art contents and was a participant in a community mural painting. She does not consider herself good though, for she believes that there are a thousand ways to make art and she only knows a few. She considers entering an arts program in a university as a great opportunity for her to learn more about art and to share what she knows to other people as well.

For Alexandra Gonefree, college is a thing worth waiting for, not just because she'll be free from her parents but because she will be able to manage and learn to live an independent life. As one of the things she was waiting for, securing a slot for the Arts program is a thing worth her time and effort. Because of Mr. Devaughn, her arts teacher who is an alumnus of XXX University, Alexandra Gonefree considers this university as her best shot in achieving a college life that is academic, fun, and worthwhile. It is obvious that she wants to enter the Fine Arts Program of XXX University because she wanted to be an artist since childhood.

[In! College Admissions and Beyond: The Experts' Proven Strategy for Success](#) Lillian Luterman,Jennifer Bloom,2011-07-05 An award winning step by step guide to college admissions that helps students through every aspect of the application process and gives them a proven approach to make their application stand out from the rest Two expert college admissions consultants a mother daughter team share their step by step proven strategy for creating an application that stands out and gets you IN College admissions has never been more stressful Not only is admission ruthlessly competitive with more and more qualified students applying each year but the application process has become more confusing than ever before Most parents and students feel anxious overwhelmed and confused by the choices and trade offs In is based on the authors 20 years of experience working privately on boarding college and graduate school admissions with students from all over the world While there is no shortage of college admissions guidebooks on the market In offers students and their parents a crucial element that none of the others do a clear step by step strategy that helps students not only compete academically with other qualified applicants but also develop a defining interest in incremental attainable steps that distinguishes them from their peers and gives them an edge with college admissions officers This strategy is summed up in a four word phrase be alike but spike This means that the applicant must

perform on par with other students applying to similar colleges while also working to stand out from the pack like a spike on a graph in one area Ironically it's often the well rounded student an ideal many applicants strive for who gets rejected In shows students how to create that distinction by identifying and layering their passion showcasing their interest in many different ways and circumstances Enlivened with instructive case studies as well as entertaining New Yorker cartoons this book carefully guides students through the application process showing them how to rise to the top of an applicant pool of thousands And unlike most books about getting in In's lessons do not end at college acceptance Rather than viewing college admissions as a hurdle to be quickly and painlessly cleared mother daughter team Luterman and Bloom present it as an opportunity for students to mature expand their horizons and discover what makes them tick Not only does this book get you in it gives teenagers the tools and confidence they'll need for future success Be Alike How to optimize your GPA standardized tests extracurricular activities and more Spike How to develop a unique area of distinction that makes you stand out from your peers How to create a winning college application including personal essays activity chart letters of recommendation and more How to choose the right college for YOU and how to prepare to attend and afford your top choice school
