## Learn to spot and describe character traits and development

Being mindful of subtle hints, like mood changes and reactions that might provide insight into your character's personality, can help you write a character analysis.

## Describe the Character's Personality

We get to know the characters in our stories through the things they say, feel, and do. It's not as difficult as it may seem to figure out personality traits based on a character's thoughts and behaviors:

You can probably make some assumptions about Margot from the brief segment above. If you had to name three-character traits to describe her, what would they be? Is she a nice, innocent girl? Doesn't seem like it from this passage. From the brief paragraph, we can assume that she's apparently sneaky, mean, and deceptive.

- **Flat character.** A flat character has one or two personality traits that don't change. The flat character can play a major or a minor role.
- **Round character.** A round character has many complex traits; those traits develop and change in a story. A round character seems more real than a flat character because real people are complex.
- **Stock or stereotype character.** Stock characters are stereotypes, such as hot-tempered redheads, stingy businessmen, and absent-minded professors. They are often found in genre fiction (romance novels and mysteries, for
