Cognition in Multiple Sclerosis Antonio Carotenuto, Rosa Cortese, Massimiliano Di Filippo, Roberta Lanzillo, 2021-10-20 We would like to acknowledge that Dr Monica Margoni University of Padua Italy has acted as a coordinator and has contributed to the preparation of the proposal for this Research Topic Quality of Life Improvement: Smart Approaches for the

Working and Aging Populations Sabina Baraković,Zahid Akhtar,Jasmina Barakovic Husic,2024-03-19 Quality of life QoL is a broad concept that has many definitions and meanings depending on the context under consideration It can be perceived as the overall enjoyment of life and a multidimensional concept which emphasizes the self perceptions of an individual s current state of mind which is affected in a complex way by the person s physical health psychological state personal beliefs social relationships and their relationship to salient features of their environment On the other hand demographic data suggests an increased need for workers worldwide and a rapid aging trend in the active workforce as well as in general This trend of workforce deficit and population aging will be even more prominent in the future Therefore in order to have and sustain a healthy motivated and productive workforce but also healthy independent and active elderly adults one must improve their QoL and vice versa Improving QoL will improve general public health and in turn create communities who can contribute in diverse and positive ways to both promote and sustain health for future generations

Conflict and Development Andrew J. Williams,Alasdair Gordon-Gibson,2024-09-26 Fully revised and updated in its third edition this timely book brings together the study of conflict and war and the problems surrounding the economic development of developing societies that are most prone to experiencing problems in moving on after war The book does so by reflecting on the issues surrounding war as it unfolds and after it has in principle ended within the context of the history present day problems and future prospects The book aims to highlight the possibilities successes and failures of past and present policies that bring development to countries and peoples that want to be more involved in deciding their own futures after conflict and war and often find themselves subject to what can be seen as arbitrary and even alien ways of thinking and acting by institutions in which they theoretically have membership and agency but often do not in practice The case studies have been fully updated to reflect changes and developments since the second edition of this text and there are questions at the end of each chapter to promote reflection This new edition presents a deeper dive into the history of conflict and the emergence of new theories and policy guidance about present and future options in the fields of conflict and development Accessible and engaging this textbook is a pivotal resource for a nexus of subjects related to the often separated fields of conflict and development studies as well as practitioners in this area

The Application of the High Seas Regime in the Exclusive Economic Zone Frank-Luke Matthew Attard Camilleri,2018-03-15 This book is about the applicability of the high seas regime in the exclusive economic zone EEZ It analyses all the relevant provisions of the United Nations Convention on the Law of the Sea UNCLOS and goes in depth about the very interesting and complex relationship that exists between the high seas and the EEZ This book examines three cardinal freedoms of the sea freedom of navigation freedom of overflight and freedom to lay submarine cables and pipelines

Creating Cultures of Thinking Ron Ritchhart,2015-02-23 Discover why and how schools must become places where thinking is valued visible and actively promoted As educators parents and citizens we must settle for nothing less than environments that bring out the best in people take learning to the next level allow for great discoveries and propel both the

individual and the group forward into a lifetime of learning This is something all teachers want and all students deserve In *Creating Cultures of Thinking The 8 Forces We Must Master to Truly Transform Our Schools* Ron Ritchhart author of *Making Thinking Visible* explains how creating a culture of thinking is more important to learning than any particular curriculum and he outlines how any school or teacher can accomplish this by leveraging 8 cultural forces expectations language time modeling opportunities routines interactions and environment With the techniques and rich classroom vignettes throughout this book Ritchhart shows that creating a culture of thinking is not about just adhering to a particular set of practices or a general expectation that people should be involved in thinking A culture of thinking produces the feelings energy and even joy that can propel learning forward and motivate us to do what at times can be hard and challenging mental work
