Human Histology Stevens 3rd Edition

**Margaret J. Fehrenbach, Tracy
Popowics**

Human Histology Stevens 3rd Edition:

Stevens & Lowe's Human Histology E-Book James S. Lowe, Peter G. Anderson, 2014-07-29 Master the latest in the ever evolving field of histology with the in depth and visually engaging Stevens and Lowe's Human Histology. Intended as a complete introduction to the subject, this updated medical reference book incorporates clinical correlations and case studies with the basic information that's essential for students to thrive in the medical environment. Learn from an easy to read writing style and well designed full color layout to present all histology's need to know content. Conveniently access important information through a design that sets off the key laboratory, clinical, and high level scientific material in boxes. Take advantage of an increased amount of clinical content and photos. Master the basics of the field with an enhanced focus on cell biology. Quickly review important information with reviews available at the end of each chapter. Key Facts boxes throughout the chapters and MCQs in the text. Easily visualize complex procedures and concepts with nearly 900 illustrations, photos, and graphics. Consult this title on your favorite e reader, conduct rapid searches, and adjust font sizes for optimal readability.

An Atlas of Histology Shu-Xin Zhang, 1999-05-27 Bridging the gap between textbook diagrams and the complex reality of histological preparations, this magnificent atlas of human microanatomy is designed to help students understand the complex structures encountered when viewing microscopic sections of tissues. Instead of simply depicting an individual section, each drawing is a compilation of the key structures and features seen in many preparations from similar tissues or organs. Invaluable to students in a range of life science and medical disciplines including human and veterinary medicine, dentistry, mammalian biology, pharmacy, and nursing.

Comprehensive Gynecology David M. Gershenson, Gretchen M. Lentz, Rogerio A. Lobo, 2021-05-08 With its trademark clear, concise writing style and evidence based focus, Comprehensive Gynecology 8th Edition remains your 1 choice for practical, in depth coverage of any women's health issue you're likely to encounter. It covers all key issues in gynecology, now fully updated to include new information on topics such as laparoscopy and innovations in robotic surgery, reversible contraception, and advancements in treating endometriosis. For residents, specialists, primary care doctors, and other healthcare providers, Comprehensive Gynecology is an easy to access source of trusted information for everyday practice. Includes helpful features such as key references and terms, key points at the end of each chapter, summary boxes for quick reference, and new bolded text to highlight the most important concepts. Features newly improved artwork, a more cohesive, easy to navigate design throughout, and more clinical algorithms. Contains hundreds of illustrations and tables, anatomical figures, radiographs, and photographs, as well as 20 videos that address topics such as Pap smear techniques, hysteroscopic metroplasty, and endometriosis of the bladder. Brings you up to date with the latest applications in diagnostic and interventional ultrasound, issues in infertility, the latest research in menopause, and other essential aspects of today's practice.

Information Resources in Toxicology, Volume 1: Background, Resources, and Tools, 2020-05-16 This new fifth edition of Information Resources in Toxicology offers a
