Textbook for Human Resource Practitioners, 1996

South African Human Resource Management Ben Swanepoel, 2003 South African Human Resource Management focuses on the knowledge and skills that managers at all levels need. The authors integrate contemporary international research and implementation with a South African perspective.

Human Resource Management John Ivancevich, 2009

Human Resource Management Ronald R. Sims, 2007-01-01 The contributors in this book identify and clearly discuss contemporary and critical issues, challenges, and opportunities in HRM. The book attempts to achieve the delicate balance between basic HRM functions and the new world of HRM. Moreover, in a dynamic field like HRM, a complete look at contemporary HRM issues, challenges, and opportunities is a must for today's and tomorrow's students and future managers and leaders. After all, it is important for any book to undertake a current state of the field while also bridging the gap of traditional HRM activities, issues, challenges, and opportunities and the possible future state of the HRM field. An organizing principle for this book is the need to for an integrated HRM system comprised of multiple activities designed to influence organizational and employee behaviors. The book's contributors include some basic theories and models that simultaneously consider how HRM activities like recruitment, selection, reward practices, and development activities among others are being impacted by contemporary issues, challenges, and opportunities for the field of HRM, particularly HRM functions and professional as they are increasingly

expected to play a role in enabling organizational managers and other employees to achieve desired organizational results. Thus the essence of the book is that the collective chapters reflect both a functional orientation built on theory and models but also provide insights into how to translate theory into practice via the establishment of the increasingly critical role HRM procedures, practices and processes play in accomplishing the goals and objectives in contemporary organizations.
