Applications of Space Techniques on the Natural Hazards in the MENA Region Mashael M. Al Saud, 2022-04-29 This book introduces a comprehensive understanding in the use of space techniques in natural hazards and risk management in the MENA Region The book is based on different case studies from 25 MENA countries and will be useful in highlighting the issues from all aspects In recent years the number of natural hazard events has increased in the MENA Region This is exacerbated by the changing climate and extreme climate events as well as a large increase in the population in this area Disastrous events occur on a yearly basis characterized by a vulnerability of physical processes Floods earthquakes and mass movement result in severe damage to property and livelihoods and have devastating effects upon the

environment These events cause severe financial losses which on an annual basis can exceed millions of dollars The predication assessment and monitoring approaches remain inadequate in managing these hazards and in mitigating their impacts but with the development of space techniques and geo information systems these situations can now be better managed The miscellany of satellite images with different spatial and temporal resolutions enable the detection of terrain features and provide indications of potential natural risks This book will of interest to stakeholders including field experts academics researchers and decision makers

Guidelines for Slope Performance Monitoring Robert Sharon,Erik Eberhardt,2020-07-01 Although most mining companies utilise systems for slope monitoring experience indicates that mining operations continue to be surprised by the occurrence of adverse geotechnical events A comprehensive and robust performance monitoring system is an essential component of slope management in an open pit mining operation The development of such a system requires considerable expertise to ensure the monitoring system is effective and reliable Written by instrumentation experts and geotechnical practitioners Guidelines for Slope Performance Monitoring is an initiative of the Large Open Pit LOP Project and the fifth book in the Guidelines for Open Pit Slope Design series Its 10 chapters present the process of establishing and operating a slope monitoring system the fundamentals of pit slope monitoring instrumentation and methods monitoring system operation data acquisition management and analysis and utilising and communicating monitoring results The implications of increased automation of mining operations are also discussed including the future requirements of performance monitoring Guidelines for Slope Performance Monitoring summarises leading mine industry practice in monitoring system design implementation system management data management and reporting and provides guidance for engineers geologists technicians and others responsible for geotechnical risk management

Advances in observations and modeling of physical processes in the marine environment Guihua Wang,Darko Koracin,Dujuan Kang,2023-02-08

Citizens' Observatories on Geohazards Rui Carrilho Gomes,Vítor Correia,Balazs Bodó,2025-02-25 This open access book shows how citizens involvement in geohazard risks prevention can strengthen regional and national risk management systems to demonstrate a new form of engagement between civil society and local authorities The lessons learned in in this book where the local communities were engaged to actively participate in risk preparedness and monitoring and incorporate local capacities into risk management systems are reported A cooperation and resource platform on geohazards risk assessment preparedness mitigation and prevention was used as interface between the citizens and the risk management system A more efficient uptake of Copernicus data products and services on regional level is discussed to improve geohazard risk prevention and resilience to natural disasters Recommendations for the creation of future observatories in response to the widest range of hazards both natural and human induced in Europe and in the world are provided
