De l'importance du concept anthropologique d'acculturation. Ce passage du christianisme d'une culture dans une autre a été traduit remarquablement surtout dans le monde catholique par le concept d'inculturation, nom d'une acculturation religieuse regardée comme l'incarnation de l'Evangile dans une autre culture.

*Les Vies de Pierre Naville* Centre d'histoire sociale du XXe siècle, Françoise Blum, 2007-03-06. Pierre Naville 1903-1993 fut une figure du surréalisme, puis un militant professionnel avant d'entamer la rédaction de ses œuvres majeures et d'acquiescer une légitimité scientifique dans le champ de la sociologie. Pour autant, il ne cessa jamais d'être un militant et un crivain. Cet ouvrage se propose d'analyser une série de rencontres essentielles, réelles et/ou intellectuelles dans la vie de Naville : rencontre avec André Breton et les surréalistes, avec Léon Trotsky, avec Georges Friedmann, mais aussi avec Paul Thiry d'Holbach ou John Broadus Watson. Cette démarche permet ainsi de mieux comprendre la position de ce riche héritier en capital social et culturel dans les diff

rents champs du savoir politique littéraire et sociologique et la façon dont il se situe au cœur de réseaux qui se recoupent se croisent et s'alimentent les uns les autres Ce livre offre donc outre une archéologie des savoirs des pratiques et des affinités de Pierre Naville une contribution à la connaissance de la construction du fonctionnement et de l'imbrication de ces réseaux eux-mêmes réseaux familiaux réseaux militants réseaux intellectuels réseaux professionnels Revolutionary Republicanism Samuel Hayat, 2023-12-22 Revolutionary Republicanism provides a history of French republicanism seen through a seminal episode of its creation the 1848 revolution The process of reinventing republicanism in 1848 gave rise to two opposite understandings of republicanism a moderate one that merely adapted the institutions of representative government to popular sovereignty and a more radical social democratic notion of republicanism based on inclusive forms of representation and aiming at the emancipation of the proletariat These two notions of republicanism unfolded over the course of the few critical months between the revolution of February 1848 and the uprising of June 1848 which saw the victory of the moderate one Playing devil's advocate to the traditional republican history that casts 1848 as a mere step in the continuous history of French republicanism the book demonstrates that the events of the revolution amounted to a repression of all that the Republic had meant up until that point particularly the forms of participation and popular representation hitherto seen as constituting a republican regime The text also sets out to chart the history of the democratic and social Republic as the socialist and worker revolutionaries of 1848 called the radical republicanism they dreamed of founding and believed would fulfil the republican promise of emancipation This book will appeal to all those with an interest in the French revolutions and the history of radical ideas *Proceedings and transactions of the Royal Society of Canada*, 1890 **Vient de paraître**, 1924 **Bibliographie de la France, ou Journal général de l'imprimerie et de la librairie** Adrien Jean Quentin Beuchot, 1916 Bibliographie générale des sciences juridiques, politiques, économiques et sociales de 1800 à 1925-1926 A.
