get done instead of enjoying life It sucked Then after I took those first exams after those two weeks of hell on earth I was so shaken that I thought I had failed each and every exam I could not respond to any of the questions with a solid answer so I just tried to analyze every issue I saw or thought I saw My answers seemed ambiguous and unfinished I knew I was screwed Once I had completed all my first semester exams I told my wife as I guzzled a beer how much I hated law school and how I was thinking about dropping out returning to my prior career and looking for a teaching position Here s the rub When I got my grades for first semester exams I saw that contrary to what I believed I had actually done very well on the tests In fact I was ranked first in my class I can t guarantee that you will finish first in your class if you read this book but I can guarantee the book will provide you with an overview of what it takes to do well in law school Whether you put in the work to achieve great things is up to you
