

### Question 1

In terms of South African law, the law of evidence forms part of ...

- (1) substantive law.
- (2) procedural or adjective law. ✓
- (3) criminal procedural law.
- (4) common-law.

Identify the correct statement: Section 35(2) of the Constitution provides for the rights of a detained person, including ...

- (1) the right to choose, and to consult with a legal practitioner, and to be informed of this right promptly (s 35(2)(b)). ✓
- (2) the right to be informed of the charge with sufficient details to answer it (s 35(3)(a)).
- (3) the right to be presumed innocent, to remain silent during the plea proceedings as well as during the trial, and not to testify during the trial (s 35(3)(h)).
- (4) the right to adduce and challenge evidence and not to be a compellable witness against himself or herself (s 35(3)(i) and (j)).

### Question 3

Consider the following statements, and choose the correct option:

- (1) The party who undertakes examination-in-chief can attack the credibility of an unfavourable witness.
  - (2) Examination-in-chief is undertaken by the presiding officer in his capacity as "chief" of the court.
  - (3) Refreshing of memory by a witness can only take place before such a witness starts giving evidence in court.

Teaching Evidence ,2006 **Tests & Measurement for People Who (Think They) Hate Tests & Measurement** Neil J. Salkind,Bruce B. Frey,2022-09-26 With its conversational writing style and straightforward presentation Neil J Salkind s bestselling book guides readers through the categories design and use of tests as well as some of the basic social political and legal issues that the process of testing involves New co author Bruce B Frey adds his expertise in the further development of this new edition The Teaching of Criminal Law Kris Gledhill,Ben Livings,2016-08-19 The Teaching of Criminal Law provides the first considered discussion of the pedagogy that should inform the teaching of criminal law It originates from a survey of criminal law courses in different parts of the English speaking world which showed significant similarity across countries and over time It also showed that many aspects of substantive law are neglected This prompted the question of whether any real consideration had been given to criminal law course design This book seeks to provide a

critical mass of thought on how to secure an understanding of substantive criminal law by examining the course content that best illustrates the thought process of a criminal lawyer by presenting innovative approaches for securing active learning by students and by demonstrating how criminal law can secure other worthwhile graduate attributes by introducing wider contexts This edited collection brings together contributions from academic teachers of criminal law from Australia New Zealand the United Kingdom and Ireland who have considered issues of course design and often implemented them Together they examine several innovative approaches to the teaching of criminal law that have been adopted in a number of law schools around the world both in teaching methodology and substantive content The authors offer numerous suggestions for the design of a criminal law course that will ensure students gain useful insights into criminal law and its role in society This book helps fill the gap in research into criminal law pedagogy and demonstrates that there are alternative ways of delivering this core part of the law degree As such this book will be of key interest to researchers academics and lecturers in the fields of criminal law pedagogy and teaching methods

Teaching International Law Jean-Pierre Gauci, Barrie Sander, 2024-06-26 The practice of teaching international law is conducted in a wide range of contexts across the world by a host of different actors including scholars practitioners civil society groups governments and international organisations This collection brings together a diversity of scholars and practitioners to share their experiences and critically reflect on current practices of teaching international law across different contexts traditions and perspectives to develop existing conversations and spark fresh ones concerning teaching practices within the field of international law Reflecting on the responsibilities of teachers of international law to engage with and confront histories contemporary crises and everyday events in their teaching the collection explores efforts to decenter the teacher and the law in the classroom opportunities for dialogical and critical approaches to teaching and the possibilities of co producing non conventional pedagogies that question the mainstream underpinnings of international law teaching Focusing on the tools and techniques used to teach international law to date the collection examines the teaching of international law in different contexts Traversing a range of domestic and regional contexts around the world the book offers insights into both the culture of teaching in particular domestic settings as well as the structural challenges and obstacles that arise in terms of who what and how international law is taught in practice Offering a unique window into the personal experiences of a diversity of scholars and practitioners from around the world this collection aims to nurture conversations about the responsibilities approaches opportunities and challenges of teaching international law
