Mader, Dr., 2020-01-03 The 25 laboratory sessions in this manual have been designed to introduce beginning students to the
major concepts of biology while keeping in mind minimal preparation for sequential laboratory use The laboratories are
coordinated with *Essentials of Biology* a general biology text that covers all fields of biology In addition this Laboratory
Manual can be adapted to a variety of course orientations and designs There are a sufficient number of laboratories and
exercises within each lab to tailor the laboratory experience as desired Then too many exercises may be performed as
demonstrations rather than as student activities thereby shortening the time required to cover a particular concept
