offering that assures you make the maximum money A super quick method of finding out just how much your junk is really worth A simple secret mathematical formula to find the magical selling price for anything The most vital rule that you absolutely must learn to supercharge your sales The insider s formula that guarantees you will make profits every time After learning all this I went on to make my 1st deal without him all alone in the world I was really scared to venture out on my own but I took the step and found out a really important lesson You don t have to do it alone if you rely on a time tested system By relying on what I had already learned and following the same techniques over and over again I was able to step out and bring in tons of junk all by myself All it took was a bit of time to talk with people and find out what they have available then work out a deal and go get the junk Of course then I had to sell it but again I followed the same path that I had learned from my coach and following through it step by step I was able to get rid of the junk quickly and started bringing in tons of cash in just a couple days Continuing on the process I was able to feed my family put some cash in the bank and even increase our lifestyle going on vacations having nicer things and living like we never imagined before I had such success with our junk that I even got a warehouse that stayed full of big cash items that could be sold anytime for some instant Of course all my shelving packaging and shipping equipment was all picked up FOR FREE all in taking care of the junk business I picked up all the business stuff I needed and never paid ONE CENT for it now don t go telling the IRS I got so successful at it that my friends and family members wanted to know just how I did it They too wanted the insider secret to making buckets of cash with little effort and certainly stopped laughing about me being in the junk business That s when I started putting it all into a book And now you can get all the secrets to making big bucks in Junk for yourself Here s what I ve included You ll learn a simple formula that few know about and why those that don t know it continue to lose money while you rake it in like a street sweeper after a sporting event The 1 secret to getting MORE FREE junk than your competitors A super fast way to learn negotiation skills without losing your money Details of the best places to look for junk what to take and what to leave alone My favorite junk and where I find tons of it Ways to tell if it is a good buy now and in the future I know this sounds like a pile of stuff to learn and you think there s probably a month s worth of reading and studying to do before you can start to make even the first dollar in your junk business Far from it I ve made this a concise manual a quick study course that anyone can understand in just a short amount of time A way to put those that want it into business quickly and get that cash rolling in really FAST Start Immediately And I m not going to take a bunch of your time reading this letter Yeah I ve seen those pages on the Internet too those that go on for pages and pages talking about little or nothing working words and emotions to get you to buy something you don t really need I m not that way I believe that you already know that there are lots of methods to make money that there are ways to make money from what others throw away You just may not know how to do it yourself and what to do to really bring in the bucks that s what you ll learn in this manual Maybe you re just not sure YOU can do it well I m here to tell you that following the system that my mentor laid out for me at a cost of several thousand

dollars you too can bring in hundreds and thousands of dollars every month depending on how much time you want to put into it You can start right now and be putting cash in your pocket from JUNK very quickly how s this weekend sound to you All it takes is for you to get my manual read through it and take some action following all the tips and tricks I ve outlined for you Yeah some of this is common sense but unless you know how to maximize your time energy and efforts to monopolize on it common sense will bring just the same type of results common Now that s not what I want for you and I m sure it is not what you want for yourself If you are looking for common results I don t want you to even think about getting my manual heck why waste your time or mine if you aren t serious about making buckets of bucks even if it comes from selling junk In my opinion when the money comes in it doesn t matter what brought it in just that it got brought in If you can make thousands from trash what difference does it make really A good deal that can bring you lots of doesn t come along every day and you have to know when to take action and when to move on it to make your best offer So enough already Let s get you going right now Pick up my Making Money From Junk manual the quickest method to truly clean up on junk like a street sweeper Now I know you ve read all about guarantees on the Internet tons of times Well I m not going to give you one at all how about that I don t know how you will work what you will do or even if you will ever take action on what I tell you at all so how could I promise you will ever make even a penny from what I teach you But You will make money from this information All you need to do is follow along with what I ll outline for you step by step It might take you a day a week a month or even more before you find your first deal and certainly it will if you spend your time watching TV instead of building your business by the way watching TV is not on the list of To Do things in my manual but **YOU WILL MAKE MONEY FROM THE INFO PROVIDED** What are you waiting for Get my manual on Making Money From Junk all you need to know to get going right away to make your share of the tons of stuff that many people are letting just sit on their shelves I ll show you how to talk with the right people what to say and when You ll get everything in one manual everything to get you making cash quickly All this for 14 97 That s right I m not charging you an arm and a leg for this valuable information Certainly not the thousands it cost me to acquire it Why would I do that Why would I almost give this info away You know I m not really sure I guess I just want to get more of this information out there this secret to making money out of thin air that made me tons of cash Heck I d give this info away if I knew it would help but I know one thing if you don t have some sort of skin in the game you will not feel like there is any value and you will never take any action to gather up all the cash that you can from this info Now I know you are getting a heck of a deal here and here s what I want from this I want you to pass on a portion of the success you get from your first deal No I don t want it myself and I don t even want to tell you where you are going to place it All I want from you is to give 10% of your first junk deal to some charity Donate it in your name or mine if you like I don t care You see I know that those of us that give back to our community will reap the rewards of it dozens and dozens of times over And what I m doing by giving you this manual at such a ridiculous price is my way of giving back to the community your community of
