

Foreword

As part of the implementation process of the National Policy for Early Childhood Development (ECD) of 2017, the Ministry of Gender, Community Development & Social Welfare (MoGCDSW) in Collaboration with UNICEF, World Bank, UNESCO and other key partners developed a National Syllabus for IECD to address the holistic needs of children 0-5 years of age. The current revised syllabus is a successor of the previous syllabus which was developed in 2014. The need to review and revise the IECD syllabus, arose in order to align it to the new curriculum framework and ECD Policy which focus at addressing the needs of the whole child adequately.

Initially, the syllabus (2003) focused on four developmental domains of children (i.e. physical, mental, social/emotional, moral and spiritual). However, since 2014, the country's focus is on nurturing the child to holistically develop all the six developmental domains and addressing the needs of children including pregnant and lactating mothers in the areas of health, nutrition, hygiene and sanitation, protection, psycho-social care, and HIV/AIDS.

Therefore, the revised syllabus incorporates all the six developmental domains (Physical; Cognition and General Knowledge; Social and Emotional Development; Approaches towards learning, Language, Literacy and Communication; and Spiritual and Moral Development; and has introduced 7 themes which include: Health; Mathematical and numerical knowledge; Spirituality; Self-awareness; Language; Environment; and Technology. These thematic areas will promote early learning and stimulation, nutrition, protection, love and affection, hygiene and sanitation as well as mothers well-being both at household and community level.

Even though the syllabus is designed to target Community Based Childcare Centers where primary care at community level for children 0-5 is taking place, it is hoped that this syllabus will be used by all institutions involved in child welfare including private ECD centres in both urban and peri-urban areas. It is also expected that this syllabus will facilitate implementation of transition services for pre-school children from CBCC to Primary school infant classes. In this regard, the syllabus will bring a nexus between the content which caregivers and primary school teachers cover at CBCC and primary infant classes.
