Chapter 1 Managers and Management in Today's Workplace

1) Which one of the following is a common myth about the study of management?

- A) Management is just common sense.
- B) Managers need to be well disciplined in all of the business areas.
- C) Managers are found in all types of organizations, large and small.
- D) Many of today's managers are minorities.

Answer: A

Explanation: Students might be surprised to know that the *academic* study of management is filled with insights, based on extensive research, which often run counter to what seems to be common sense. That's why we decided to tackle head-on this common-sense perception by opening each chapter with a particular "management myth" and then "debunking" this myth by explaining how it *is* just a common-sense myth.
