abuse of government and taxpayer money Fleming put a target on his back that the USNA administration used to fire him in 2018 despite being a tenured civilian professor He was reinstated by a federal judge in 2019 The service academies are government programs that no longer fill the needs for which they were created and so like all government programs can be re examined Indeed as Fleming argues they teach blind obedience in officers rather than informed and respectful questioning and so sap our military strength rather than increasing it They need to be re imagined not as stand alone undergraduate institutions that wall off future officers in an increasingly untenable isolation from the country they are to defend but either be combined with the officer commissioning sources that currently produce over 80 percent of our new officers or re purposed to post civilian college training institutions
