Princeton Review (Firm),2004-07-20 Up to date information on 1 780 colleges and universities **International Practices to Promote Budget Literacy** Harika Masud,Helene Pfeil,Sanjay Agarwal,Alfredo Gonzalez Briseno,2017-08-09 Budget literacy is defined as the ability to read decipher and understand public budgets to enable and enhance meaningful citizen participation in the budget process It is comprised of two main parts i a technical understanding of public budgets including familiarity with government spending tax rates and public debt and ii the ability to engage in the budget process comprising of practical knowledge on day to day issues as well as an elementary understanding of the economic social and political implications of budget policies the stakeholders involved and when and how to provide inputs during the annual budget cycle Given that no international standards or guidelines have been established for budget literacy education to date this book seeks to address this gap by taking stock of illustrative initiatives promoting budget literacy for youth in selected countries The underlying presumption is that when supply side actors in the budget process governments simplify and disseminate budget information for demand side actors citizens this information will then be used by citizens to provide feedback on the budget However since citizens are often insufficiently informed about public budgets to constructively participate in budget processes one way to empower them and to remedy the problem of budget illiteracy is to provide budget literacy education in schools to youth helping them evolve into civic minded adults with the essential knowledge needed for analyzing their government s fiscal policy objectives and measures and the confidence and sense of social responsibility to participate in the oversight of public resources This book elaborates on approaches learning outcomes pedagogical strategies and assessment approaches for budget literacy education and presents lessons that are relevant for the development improvement or scaling up of budget literacy initiatives *Directory of Distance Learning Opportunities* Modoc Press, Inc.,2003-02-28 This book provides an overview of current K 12 courses and programs offered in the United States as correspondence study or via such electronic delivery systems as satellite cable or the Internet The Directory includes over 6 000 courses offered by 154 institutions or distance learning consortium members Following an introduction that describes existing practices and delivery methods the Directory offers three indexes Subject Index of Courses Offered by Level Course Level Index Geographic Index All information was supplied by the institutions Entries include current contact information a description of

the institution and the courses offered grade level and admission information tuition and fee information enrollment periods delivery information equipment requirements credit and grading information library services and accreditation **A**

Teacher's Guide to Educational Assessment Iasonas Lamprianou, James A. Athanasou, 2009-01-01 This book is a natural step beyond our earlier text *A Teacher's Guide to Assessment* which was published almost six years ago The purpose of this book is to offer a straightforward guide to educational assessment for teachers at all levels of education including trainers and instructors The scope of this book is wider however and the targeted audience is broader than the first edition It is designed to address the needs not only of those taking a first course in educational assessment and measurement but it can also usefully serve students at the post graduate level as well as experienced teachers trainers and instructors who would like to update their knowledge and acquire practical skills using relevant quantitative methods The book is appropriate for an international audience In this revised edition we have added new and important material which covers the assessment arrangements necessary for people with special needs and the use of technology for assessment purposes We have elaborated on the dangers of differential item functioning we have extended the Rasch measurement material and enriched the book with practical examples using Microsoft Excel The main message of the book is that assessment is not based on commonsense but on a huge body of international research and application over many years Testing is a powerful vital and large part of a teacher's assessment arsenal because it can be practical structured and very informative The correct use of testing either in its traditional paper and pencil form or in its modern technology based style can be a formidable ally for every teacher who aspires to practise evidence based teaching and learning *Resources in Education* ,1998-05
