How to Do Everything with Your Genealogy George G. Morgan, 2004-03-31 Anyone interested in discovering their family genealogy should carry a copy of this book everywhere Written by internationally recognized expert George G Morgan this book is an irreplaceable resource for beginner to expert knowledge gatherers Not only does Morgan explain how to get the search started creating a family tree locating and evaluating documents selecting the appropriate hardware and software for the search he goes steps further and dedicates an entire section to research methods and strategies where he discusses among other topics getting past dead ends and organizing possible research travel **Probate and Property** ,1989

Taxation ,2002 MacUser ,1993-07 **Unequal Gains** Peter H. Lindert, Jeffrey G. Williamson, 2016-04-19 A book that rewrites the history of American prosperity and inequality Unequal Gains offers a radically new understanding of the economic evolution of the United States providing a complete picture of the uneven progress of America from colonial times to today While other economic historians base their accounts on American wealth Peter Lindert and Jeffrey Williamson focus instead on income and the result is a bold reassessment of the American economic experience America has been exceptional in its rising inequality after an egalitarian start but not in its long run growth America had already achieved world income leadership by 1700 not just in the twentieth century as is commonly thought Long before independence American colonists enjoyed higher living standards than Britain and America s income advantage today is no greater than it was three hundred years ago But that advantage was lost during the Revolution lost again during the Civil War and lost a third time during the Great Depression though it was regained after each crisis In addition Lindert and Williamson show how income inequality among Americans rose steeply in two great waves from 1774 to 1860 and from the 1970s to today rising more than in any other wealthy nation in the world Unequal Gains also demonstrates how the widening income gaps have always touched every social group from the richest to the poorest The book sheds critical light on the forces that shaped American income history and situates that history in a broad global context Economic writing at its most stimulating Unequal Gains provides a vitally needed perspective on who has benefited most from American growth and why The New Law Journal ,2003 So You Want To Be A Journalist? Bruce Grundy, Martin Hirst, Janine Little, Mark Hayes, Greg Treadwell, 2012-09-17 So you want to be a Journalist Unplugged is a fully revised guide to the world of journalism This new edition of Bruce Grundy s guide for journalists takes us through new media s impact on the structure and practice of journalism today with its 24 hour news cycle of multi platform interactive media audiences The book contains instructions on writing for news media as well as practical advice on all facets of reporting Skills involved in finding information interviewing writing news and features research and investigation basic subbing layout and design are covered along with the essentials of grammar the law and practical tips on ethical and professional behaviour New to the second edition online journalism incorporated throughout the text vignettes and case studies that bring the text to life examples from Australian New Zealand and international media
