Abdelhamid Ahmed, Hassan Abouabdelkader, 2018-02-02 This book empirically explores assessment of EFL English as a Foreign Language writing in different Arab world contexts at the university level which often presents a challenge for teachers and students alike Analysing a number of different practices throughout the chapters including peer assessment self assessment e rubrics and writing coherence the authors highlight different issues and challenges that affect the assessment of EFL writing in the Arab world and provide valuable insights into how it can be improved This book is sure to become an important practical resource for practitioners researchers professors and graduate students working on EFL writing in this region Critical Issues in Early Childhood Teacher Education Ithel Jones, Miranda Lin, 2020-06-01 In recent years there have been significant changes in education across the globe largely as a result of changing demographics technological developments and increased globalization Relatedly the changing needs of societies and families along with new research

findings provide new directions in early childhood education. Consequently, early childhood teachers today are faced with higher and more complex expectations to help ensure that their students achieve their full potential. Such expectations suggest that early childhood teachers should be professionals who are able to draw on a robust knowledge base in making educational decisions. It follows that teacher education programs should develop and implement innovative programs that can potentially enhance the quality of our future teachers. An awareness of pressing issues in the field of early childhood teacher education led the editors to develop this volume. The chapters in these two volumes bring together scholars from across the US and the globe who are interested in improving the quality of early childhood teacher education. The chapters present their experiences, perspectives, and lessons learned as they addressed some of the challenging issues concerning the education and preparation of future early childhood teachers. The various issues and perspectives from different states in the US or countries across the globe provide insights into current issues and dilemmas facing the field. The contributions of these scholars should inform the discourse on early childhood teacher education and help those who work with preservice teachers improve the quality of their work.

SAGE Handbook of Research on Classroom Assessment James H. McMillan, 2013

The Sage Handbook of Research on Classroom Assessment provides scholars, professors, graduate students, and other researchers and policy makers in the organizations, agencies, testing companies, and school districts with a comprehensive source of research on all aspects of K-12 classroom assessment. The handbook emphasizes theory, conceptual frameworks, and all varieties of research: quantitative, qualitative, mixed methods, to provide an in-depth understanding of the knowledge base in each area of classroom assessment and how to conduct inquiry in the area. It presents classroom assessment research to convey in depth the state of knowledge and understanding that is represented by the research, with particular emphasis on how classroom assessment practices affect student achievement and teacher behavior. Editor James H. McMillan and five Associate Editors bring the best thinking and analysis from leading classroom assessment researchers on the nature of the research, making significant contributions to this prominent and hotly debated topic in education.
