Reading Learning Targets (3 minutes)</b></p> <ul style="list-style-type: none"> <li>Ask the students to read aloud as you read the learning targets aloud.             <ul style="list-style-type: none"> <li>"I can find the gist of informational texts."</li> <li>"I can select the strongest evidence in an informational text about who the refugees were, where they fled from, and why they had to flee."</li> <li>"I can use the evidence I have gathered in research to create a culturally appropriate fictional character profile for the refugee narrator of my 'Inside Out' poem."</li> </ul> </li> <li>Students should be familiar with the first two targets as they are the same as the targets for Lesson 18.</li> <li>Focus students on the third learning target. Ask them to Think-Pair-Share:             <ul style="list-style-type: none"> <li>"What does culturally appropriate mean?"</li> <li>"What does fictional mean?"</li> <li>"What is a character profile?"</li> </ul> </li> <li>Listen for students to explain that culturally appropriate means they have considered the culture of their refugees, that fictional means made up, and that a character profile is building an idea of whom the character is.</li> <li>Use the example. Remind students that this is a fictional character—a young girl from Myanmar who flees with her family to Alabama to escape the dangers of the war. Although the author of <i>Inside Out &amp; Back Again</i>, Thanhha Lai, was a refugee from Myanmar herself, she made up a fictional character to tell the story.</li> </ul> <p><b>Meeting Student Needs:</b></p> <ul style="list-style-type: none"> <li>Learning targets are a research-based strategy that helps all students, especially challenged learners.</li> <li>Discussing and clarifying the language of learning targets helps build academic vocabulary.</li> <li>Reading learning targets allows students to reference them throughout the lesson to check their understanding. This also provides a reminder to students and teachers about the intended learning beyond a given lesson or activity.</li> </ul> <p><b>B. Starting Strongest Evidence (5 minutes)</b></p> <ul style="list-style-type: none"> <li>Ask students to get into research teams. Ask them to get out their research texts and their <b>Research Guides</b>, from Unit 2, Lesson 18.</li> <li>Remind students that part of their homework on Unit 2, Lesson 18 was to find the strongest evidence about <b>Where? Why? Evidence</b> from the informational text they read in Lesson 18 on their <b>Research Guide</b>.</li> <li>Invite students to pair up within their research teams to work with someone who read and annotated one of the other informational texts from their <b>Research Folder</b>. They are going to share the <b>Where? Why? Evidence</b> recorded on their <b>Research Guide</b> referring back to the text.</li> <li>Encourage students to record any <b>Where? Why? What? Evidence</b> they are missing on their <b>Research Guide</b> as their peers share.</li> </ul>
