A Practitioner's Guide to the Unified Patent Court and Unitary Patent Paul England, 2022-12-01 A Practitioner's Guide to the Unified Patent Court and Unitary Patent provides practical and detailed advice on all aspects of the system for those using it. The book explains how the UPC system works in the context of the wider European patent system including the UK and how parties can use it to enforce or revoke European patents and the Unitary Patent in particular. The procedures of the UPC from initiating proceedings to appeal damages and costs hearings. Rules on competence substantive law jurisdiction language and judges. The operation of the system alongside the national courts of the contracting countries the European Patent Office opposition and appeal procedure and parallel English Patents Court proceedings. The book is written for private practitioners and in house counsel by a team of patent experts with many years of experience in patent litigation in France Germany the Netherlands and the UK. It provides insights from national approaches to the features above and gives answers to common problems.

A Practitioner's Guide to European Patent Law Paul England, 2022-09-08 This new edition is a comprehensive and practical guide to European patent law a ius commune. The book highlights the areas of consistency and difference between the most influential European patent law jurisdictions the European Patent Office England and Wales France Germany and the Netherlands. The book also draws insights from further afield with contributions from other very active patent jurisdictions including Italy Sweden Denmark and Switzerland. Uniquely the book addresses European patent law by subject matter area assessing the key national and EPO approaches together rather than nation by nation. Each chapter outlines the common ground between the national approaches and provides a guide for the possible application of European patent law in national courts and the UPC in the future. In addition to featuring content on new countries the second edition includes new chapters dedicated to the substantive aspects of FRAND declarations and evidence. There is also an expanded commentary on construction including common terms used in patent claims. A must read for anyone working in the field of European patent law.
