Discoveries ARE CORRECT Ian Tinny, Jairely Tripleday, Daysi Caridad, Jaisely Thimbley, Martin M Winkler s research in The Roman Salute verifies Historian Dr Rex Curry s discoveries including 1 Adolf Hitler and Benito Mussolini borrowed their infamous salutes from the USA s Francis Bellamy The socialist Bellamy from Rome New York was the origin of the Roman Salute used later by the socialist Adolf Hitler and by the long time socialist leader Benito Mussolini which Mussolini learned when he was a socialist too 2 The Roman Salute phrase was inspired by Rome New York the hometown of Francis Bellamy author of the USA s Pledge of Allegiance and a Roman from New York who attended Rome Free Academy RFA All New York Romans were proud to hear and read of his Youth s Companion success and his lengthy Pledge of Allegiance presentation in 1892 Soon RFA was doing Bellamy s Roman salute daily 3 In 1898 New York mandated Bellamy s Roman Salute with the pledge In 1899 the Broadway play Ben Hur opened and used Bellamy s Roman salute solidifying the Bellamy Salute as the Roman Salute The Ben Hur play also exported it abroad to Germany and Italy and everywhere 4 New York City became Grand Central Station for the distribution of America s Nazi salute worldwide Pride swelled for New York s Romans and all New Yorkers and the USA As the decades passed that pride evaporated It evolved into today s deranged lying to hide American Heritage 5 The socialist Bellamy s 1892 American Nazi salute caused the painting Oath of the Horatii to be referred to as a Roman Salute beginning in 2003 and thereafter see the etymological genealogy and derivation that exposes deranged lying by modern socialists The USA s population was 134 million in 1942 when Congress changed the Roman Bellamy s Socialist Salute Almost all those millions including armed forces stationed abroad for years who helped spread Bellamy s salute were familiar with the Roman Bellamy s Socialist Salute and they knew that it was the origin of Germany s socialist salute and Italy s socialist salute adopted by the long time socialist leader Mussolini who learned the American salute when he was a socialist No Americans believed it came from a French painting The circumstances show that Congress

changed the gesture because Congress knew the Roman Bellamy's Socialist Salute was the origin of Germany's socialist salute and Italy's socialist salute. Many Americans ignored Congress meddling and proudly retained their salute saying 'That's our salute and we had it first and violent socialists abroad should stop stealing it'.

Studies in English Language and Literature M. J. Toswell, E. M. Tyler, 2012-09-10 This collection of twenty-nine papers is in honour of E. G. Stanley Rawlinson and Bosworth Emeritus Professor of Anglo-Saxon at the University of Oxford and Emeritus Fellow of Pembroke College Oxford. Written by scholars he has supervised, examined or otherwise served as mentor for within the last twenty years, the contributors illustrate the advantages of following John Donne's axiom to doubt wisely. Professor Stanley's own published work has shown the utility of wise scepticism as a critical stance; these papers presented to him apply similar approaches to a wide variety of texts, most of them in the field of Old or Middle English literature. The primary focus of the collection is on the close reading of words in their immediate context, which commonly entails a reconsideration of accepted assumptions. Consequently, new links are created here among the disciplines in medieval studies based on various combinations of these scholarly applications. Contributors provide new analyses of such difficult but rewarding fields as Old English metre and syntax, Beowulf, the origins and development of standard English, the definitions of Old English words and their connotations, the styles and themes of Old English poems, Middle English poetry and prose, the post-medieval reception of medieval works, and the styles, themes and sources of Old English poetry and prose. M. J. Toswell is Associate Professor of English at the University of Western Ontario. E. M. Tyler is Lecturer in the Department of English and Related Literature at the Centre for Medieval Studies, University of York.

Perry Rhodan NEO: Volume 10 (English Edition) Marc A. Herren, Hermann Ritter, 2022-11-24 When Crest leads an unlikely group on his search for the Planet of Eternal Life, they end up on a version of Ferrol that shouldn't exist. Are they in a parallel universe that will somehow let them find immortality? Meanwhile, Sid comes face to face with his greatest foe or so it seems. Ivanovich Goratschin killed Sid's childhood friend, but he's been dead for a long time. His twin brother claims to be making a fresh start, but how much can Sid trust him? Far away in the Vega system, Rhodan's crew, lost in space and time, after landing on the Ferron world of Reyan, discovers a conflict brewing between the water dwellers and the land dwellers, two groups descended from the original colonists. Back home, Dr. Manoli and the historian Aescunnar have begun a space journey of their own as they attempt to learn more about the Arkonides' prior activities in Earth's solar system. Their research soon brings them to Saturn's moons, where danger and an uncertain fate await them.

A Greek and English Lexicon to the New Testament ... Seventh edition, corrected. With a portrait John PARKHURST (M.A.), 1826

The Apostolic Fathers William Varner, 2023-02-23 William Varner provides a completely up-to-date introduction to the writings of the Apostolic Fathers. These 1st-2nd Century texts are foundational for the early Christian movement and the interpretation of the New Testament in the earliest days of what was to later become known as Christianity. Beyond introducing the individual writers, Varner also presents and situates their writings with each chapter.

offering an introduction followed by key texts Varner translates these works afresh and situates them in their original contexts The introductory materials help readers to interpret these various writings and outline the most important scholarly debates around them whilst also giving readers access to the texts themselves The book concludes with a chapter that shows how the Apostolic Fathers are relevant in the 21st century drawing together threads of reception history and modern Christian theology

Forster, David Foster, 2006 To be a moderately successful wielder of the rod may be looked upon as a very desirable accomplishment nay more a laudable ambition but beyond mere skill in casting a fly and killing and landing a fish a little rudimentary knowledge of the truly scientific and consequently most attractive part of the art is essential in order to attain proficiency Rodsters everywhere will welcome the reappearance of David Forster's classic work on the art and science of fishing with its wealth of detailed piscatorial knowledge and its exhaustive information and guidance in practical matters from how to make one's own tackle and flies to how and when to catch which fish where Writing in 1885 Forster tells us that while the angler's skill has advanced wondrously since the time of Izaak Walton keenness of perception and wariness have developed among the denizens of the liquid element in a degree quite proportionate However armed with this volume as readable and relevant today as any contemporary manual let there be clear water clear weather and clear scope for observation and any enthusiast may pit his or her superior intelligence against the animal instincts of the brute creation
