### Parts of an informal report

Reports are written for many different reasons and use two basic formats. One is the long or formal report and the short or informal report. But EVERY report, like every letter, essay, or article has 3 main parts: Introduction, Discussion sections, Conclusion. These reports follow the same format as the memo but are longer and more comprehensive. Because they are longer than one or two pages, reports also include such formatting elements as headings, bulleted or numbered lists, and graphs and charts or tables.

#### Introduction

The introductory section includes 3 parts:

1. a statement of the problem or situation,
2. the task assigned to the writer and the scope of the project.
3. purpose of the report and forecasts for the reader the topics of the report.
