Treating the Trauma of the Great War Gregory M. Thomas,2009-06 From the outset of World War I French doctors faced an apparent epidemic of puzzling neurological and psychiatric illnesses among soldiers As they attempted to understand the causes of these illnesses doctors organized specialized centers near the front where they submitted soldiers to swift humiliating treatments and then returned them to duty At home they interned the scores of civilians who succumbed to the war s strains in decrepit asylums or left them to fend for themselves In *Treating the Trauma of the Great War* Gregory M Thomas explores the psychological effects of the war on French citizens showing how doctors understanding of mental illness produced deep tangible effects in the lives of the men and women who suffered Doctors vigorously debated the war s role in the genesis of the neuropsychiatric disturbances observed in soldiers and civilians but most psychiatrists ultimately concluded that mental illnesses appeared primarily in individuals predisposed to disease Consequently doctors granted their patients few favors when making decisions about diagnostic labels treatment regimes and pension allocations leaving many to endure illnesses without adequate care or sufficient financial support In their quest to understand the psychological impact of war Thomas argues doctors focused more on demonstrating the capabilities of their medical specialties and serving a state at war than on treating patients Those aims significantly affected doctors scientific conclusions their medical and legal decisions and their treatment practices When the war ended psychiatric reformers used the trauma of war to their advantage promoting the perception of France as a traumatized nation in need of new psychiatric institutions that could accommodate a large and growing pool of psychologically wounded citizens Thomas draws on the vast medical literature produced during and after the war including veterans journals parliamentary debates newspaper articles and medical administrative reports infusing his narrative with a vivid human element Though psychiatrists ultimately failed to raise the status of their specialty Thomas reveals how the war helped precipitate lasting changes in psychiatric practice The Journal de Guerre of Henri Pirenne Henri Pirenne,1976 *French Soldiers' Morale in the Phoney War, 1939-1940* Maude Williams,Bernard Wilkin,2018-10-31 The collapse of the French army in 1940 is a well researched topic in Second World War Studies but a surprising gap in the historiography emerges when it comes to the study of the French military prior to the German offensive of May 1940 Using various public and private sources in different languages this book aims to address this gap by studying morale on the frontline and its management by the French Government the Grand Quartier G n ral at the scale of the regiment and on a personal level This research also investigates German and British propaganda in French and aimed at the French sector of the frontline in order to offer the first comprehensive comparative study of French army morale in any language **Journal de Guerre War Diary** Jean Malaquais,1943 Library Journal Melvil Dewey,Richard Rogers Bowker,L. beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Issued also separately *Fleeing Hitler* Hanna Diamond, 2007-06-14 Wednesday 12th June 1940 The Times reported thousands upon thousands of Parisians leaving the capital by every possible means preferring to abandon home and property rather than risk even temporary Nazi domination As Hitler's victorious armies approached Paris the French government abandoned the city and its people leaving behind them an atmosphere of panic Roads heading south filled with ordinary people fleeing for their lives with whatever personal possessions they could carry often with no particular destination in mind During the long hard journey this mass exodus of predominantly women children and the elderly would face constant bombings machine gun attacks and even starvation Using eyewitness accounts memoirs and diaries Hanna Diamond shows how the disruption this exodus brought to the lives of civilians and soldiers alike made it a defining experience of the war for the French people As traumatized populations returned home preoccupied by the desire for safety and bewildered by the unexpected turn of events they put their faith in Marshall P tain who was able to establish his collaborative Vichy regime largely unopposed while the Germans consolidated their occupation Watching events unfold on the other side of the channel British ministers looked on with increasing horror terrified that Britain could be next
