Make it to Midnight Jim Denning, 2018-06-25 Therefore do not worry about tomorrow for tomorrow will worry about itself Each day has enough trouble of its own Matthew 6 34 Don t worry Sounds so simple doesn t it In Matthew 6 34 Jesus is encouraging Christians to live in the present It has been said that depression is pain from the past and anxiety is pain from the future In order to live a happy life we must learn to live in the present Learning to live this way the way Jesus prescribes requires a change in our thinking In order for this to happen an understanding of the inner working of our brains is required The human brain is comprised of two components a thinking brain and a feeling brain Depression anxiety PTSD and a host of other mental disorders can be traced back to a conflict between the thinking brain and the feeling brain *Make it to Midnight* illustrates that each of us has two sides to our psyche that are often in conflict Through his research Jim Denning discovered that we not only have two components to our psyche we actually have two brains Jim s goal for this book is to explain the anatomy of that conflict and provide its readers with the tools necessary to achieve a better quality of life and ultimately inner peace Texas State Publications Texas State Publications Depository Program, 1994 **A Comprehensive Guide for Counselor Education** Devona M.
