Dale Morgan on the Mormons Dale Morgan,2014-02-27

Dale L Morgan 1914 1971 remains one of the most respected historians of the American West and his broad and influential career one of the least understood Among today s scholars his reputation rests largely on his studies of the fur trade and overland trails yet throughout his life Morgan s perennial goal was to complete a history of the Latter Day Saints In this volume the second of a two part set Morgan s writings on the Mormons finally receive the attention and analysis they merit Dale Morgan on the Mormons is a far reaching compilation of the historian s published and unpublished writings Edited and annotated by Morgan scholar Richard L Saunders the collection includes not only essays but also book reviews and bibliographic studies many published here for the first time At the heart of this second volume is a newly corrected presentation of Morgan s unfinished magnum opus The Mormons Also included are a number of forgotten treasures including Morgan s still definitive article on the Emmett Company which headed west from Nauvoo in 1844 as the first party of westering Latter Day Saints his privately distributed bibliography of the lesser Mormon churches and the historian s last published reflections on the Mormon experience Throughout Saunders provides informative introductions that place each of the writings or groups of writings into biographical and historical context

The Journal of Arizona History ,2014 *Tiny Talks Volume14: Families are Forever* Heide Doxey,2023-07-10 There s nothing quite like the panic of realizing halfway through sacrament meeting that your child is assigned to speak in Primary But now you don t have to worry Volume 14 of the popular Tiny Talks series offers a full year of talks and lessons featuring the 2014 Primary theme Families Are Forever Each Tiny Talk contains A gospel oriented story that focuses on the theme of the week A matching scripture verse to expand on the ideas in the story A reference to a visual aid from the Gospel Art Book A list of suggested illustrations your child can draw to accompany the

story A thoughtful question to discuss with your family These simple spiritually enhancing stories will teach your children their divine nature and reinforce the lessons they re learning in Primary this year Whether it s used at church or during family home evening Tiny Talks is the perfect resource to help children parents and leaders discuss the precious truths of the gospel all year long Gently Lead Them ,1991 **An Analysis of Hegemony in LDS Discourse on Motherhood** Erin Sorensen,2015 Like many Mormon women in America I was told from the time I was a young girl I would get married have children be a perfect homemaker and live happily ever after At least that was the story presented to me at church and at home From the time Mormon children are in Primary the Church of Jesus Christ of Latter day Saints or LDS church children0 9s organization for children ages 18 months to 11 years old they are taught the importance of family and the different roles of mothers and fathers through songs and lessons In Young Women0 9s the LDS church0 9s youth organization for young women ages 12 18 teenage girls are taught how to build themselves spiritually but everything from the young women theme weekly activities and Sunday lessons reinforce the importance of their future role as a wife and mother These teachings are then solidified in Relief Society the LDS church0 9s women0 9s organization as women are taught about their nurturing role in the family and participate in activities that teach homemaking skills and childcare Throughout their lives Mormon women are taught that 0 by divine design0 Mothers are primarily responsible for the nurture of their children0 and are consistently prepared for their role as wives and mothers 0 The Family A Proclamation to the World0 1995 1 In Mormonism motherhood is directly connected to womanhood and is a divine role with lasting influence and importance According to Mormon scripture and doctrine the first woman Eve also referred to as the mother of all living ate the forbidden fruit not because she gave into temptation from Satan but because she knew that she could not obey God0 9s commandment to multiply and replenish the earth while living in the Garden of Eden Campbell 2003 Mormons believe that Eve consciously chose to eat the fruit in order to take on the title of mother and all women are blessed with the gift to nurture children and follow Eve0 9s example This doctrine about the importance of families and motherhood provides a framework in Mormonism that places 0 motherhood0 near to divinity0 Clark 1965 178 Motherhood is compared to godliness in might importance and power and Mormon mothers are seen as being in partnership with God Holland 2014 Current LDS prophet Thomas S Monson emphasized this point 0 One cannot remember mother and forget God Why Because these two sacred persons God and mother partners in creation in love in sacrifice in service are as one0 Monson 1998 As a result motherhood is at the center of any discussion about women in Mormonism and is revered as 0 the highest holiest service to be assumed by mankind0 Clark 1965 178 The emphasis placed on motherhood isn0 9t surprising considering the strong focus on families in the LDS church 0 The Family A Proclamation to the World0 1995 an official proclamation of the LDS prophet and apostles states that the 0 family is central to the Creator0 9s plan for the eternal destiny of His children0 1 However the acceptable type of family within the LDS church follows 0 traditional0 American gender roles meaning that mothers stay at home to care for children

and fathers provide for the family This 0 tradition0 follows a white heterosexual married middle class and American ideal and has been criticized as a hegemonic view of family life that excludes the lived experiences of anyone outside those confines Kawash 2011 A hegemonic view refers to the dominant perspective or representation in a given social or political context that benefits the rulers or the elite and the problem with hegemonic views is that they relate the predominant view as the ideal or only acceptable way of being Clayton 2006 Beasley 2008 So although motherhood is experienced in many different ways the acceptable hegemonic type of motherhood in Mormonism is for women to be homemakers any other alternative is seen as less than desirable and acceptable only if necessary
