province de Québec André Beaulieu, W.F.E. Morley, Benoit Bernier, Agathe Garon, 1971-12-15 There is no doubt that local

and regional history considered by many as a kind of minor historical study has a pressing need for a systematic inventory of its resources This collection shows the durability the vividness and the astonishing productivity of a sector of history which is the stronghold of the history lover rather than the professional historian The nature and content of each book determines its selection For each book included the compilers have weighed its contribution to local history and regional history rather than the style in which it is written narrative memoir descriptive study or novel It is this criterion of selection that has permitted the retention of several general histories of a varied nature Bouchette Charlevoix Nicholas Denys La Potherie Lescarbot Hanotau Sulte etc where local and regional life takes on a major importance for reasons of order in history method or quite simply because local life is the principal object of the study itself The editors have also retained certain works those of George W Brown Arthur Buies George M Grant Blodwen Davies etc because they are primarily descriptive and contain numerous elements in which local history blends with the manners and customs of the inhabitants of certain regions This bibliography is designed primarily for historiographers who have until now paid little attention to local regional or parochial history It will also be invaluable for librarians who suffer from the numerous difficulties involved in the classification of such works Since 1950 all works published in Canada are by virtue of the book deposit law provided to the National Library of Canada and recorded in Canadiana

Développement local, économie sociale et démocratie Marielle Tremblay, Pierre-André Tremblay, 2002-09-03T20:00:00-04:00 En explorant les rapports entre l'économie sociale et le développement local les auteurs s'interrogent sur les possibilités qu'elle recèle pour corriger les inégalités Voilà l'enjeu de l'évaluation des pratiques d'économie sociale Il ne s'agit donc pas seulement de savoir si les fonds reçus de l'état sont utilisés bon escient ce qu'on a souvent tendance à ramener à l'évaluation mais surtout de savoir si les pratiques respectent les intentions manifestées au départ Cependant les outils les cadres d'interprétation et les méthodes nous font cruellement défaut Ce livre doit ainsi contribuer à faire avancer la réflexion sur cette question dont on voit clairement les enjeux démocratiques

Enjoying the Beat of Appearance: An Mental Symphony within **Le Bassaintlaurent En Bref**

In some sort of consumed by displays and the ceaseless chatter of instant communication, the melodic splendor and psychological symphony produced by the prepared term frequently diminish in to the back ground, eclipsed by the relentless noise and disturbances that permeate our lives. Nevertheless, nestled within the pages of **Le Bassaintlaurent En Bref** a marvelous fictional value full of fresh thoughts, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, that charming masterpiece conducts viewers on a psychological trip, skillfully unraveling the concealed tunes and profound impact resonating within each cautiously constructed phrase. Within the depths of this moving assessment, we shall investigate the book is key harmonies, analyze its enthralling publishing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
