Makerere University Prospectus 2015:

Democracy and the Discourse on Relevance Within the Academic Profession at Makerere University Kronstad Felde, Tor Halvorsen, 2021-09-20 Democracy and the Discourse on Relevance Within the Academic Profession at Makerere University is set against the backdrop of the spread of neoliberal ideas and reforms since the 1980s While accepting that these ideas are rooted in a longer history the authors reveal how neoliberalism has transformed the university sector and the academic profession In particular they focus on how understandings of what knowledge is relevant and how this is decided have changed Taken as a whole reforms have sought to reorient universities and academics towards economic development in various ways Shifts in how institutions and academics achieve recognition and status combined with the flow of public funds away from the universities and the increasing privatisation of educational services are steadily downgrading the value of public higher education As research universities adopt user and market oriented operating models and prioritise the demands of the corporate sector in their research agendas the sale of intellectual property is increasingly becoming a primary criterion for determining the relevance of academic knowledge All these changes have largely succeeded in transforming the discourse around the role of the academic profession in society In this context Makerere University in Uganda has been lauded as having successfully achieved transformation However far from highlighting the allegedly positive outcomes of this reform this book provides worrying insights into the dissolution of Ugandas academic culture Drawing on interviews with over ninety academics at Makerere University from deans to doctoral students the authors provide first hand accounts of the pressures and problems the reforms have created Disempowered overworked and under resourced many academics are forced to take on consultancy work to make ends meet The evidence presented here stands in stark contrast to the successes claimed by the university However as the authors also show local resistance to the neoliberal model is rising as academics begin to collaborate to regain control over what knowledge is considered relevant and wrestle with deepening democracy The authors careful expos of how neoliberalism devalues academic knowledge and the urgency of countering this trend makes Democracy and the Discourse on Relevance Within the Academic Profession at Makerere University highly relevant for anyone working in higher education or involved in shaping policy for this sector **Christian Education in**

Tanzania Lukas Steinbeck, 2018-12-03 Lukas Steinbeck widmet sich der tansanischen Christian Education und berf hrt den gro enteils m ndlich bestimmten Fachdiskurs in eine schriftliche Rekonstruktion Er ber cksichtigt dabei sowohl die historische als auch gegenw rtige Perspektive mithilfe einer missionskatechetischen Aufarbeitung und aktuellen Bestandsaufnahme des Faches Herzst ck der Untersuchung sind die im Rahmen empirischer Forschung entstandenen werkbiographischen Miniaturen in denen sechs tansanische Religionsp dagogen die Christian Education aus pers nlicher Perspektive entfalten Auf Basis dieser Erkenntnisse wird Christian Education als tansanischer Gespr chspartner in den interkulturellen Diskurs der vergleichenden Religionsp dagogik einbezogen Lukas Steinbeck analyses the Christian

Education in Tanzania and thus transforms most of the oral discourse into a written analysis. He considers not only the historical but also the contemporary perspective with the help of a mission and catechesis oriented debate and recent approaches on the subject. The core of the analysis are work biographical miniatures developed in the context of an empirical survey in which six Tanzanian religious education teachers point out their view on Christian Education. On the basis of these results, Christian Education can be included as a Tanzanian dialogue partner in the intercultural discourse of a comparative Religious education. *Postgraduate Research Engagement in Low Resource Settings* Atibuni, Dennis Zami, 2019-09-27. The general academic progression and particularly research engagement of postgraduate students is characterized by various problems such as high dropout rates, longer completion times, low graduation rates and high repetition or retake rates. This means that there are far fewer students pursuing postgraduate studies at tertiary institutions and universities than there are at the lower levels of education. Yet there is growing demand for postgraduate education given its strong projected association with socioeconomic transformation at national and international levels among developed and developing countries alike. *Postgraduate Research Engagement in Low Resource Settings* sets out to garner strategies for fostering efficiency of research conduct among the students and faculty so as to enhance high quality output for the envisaged personal, societal, national and international socioeconomic transformation. Covering a range of topics such as intellectual property, mental health and quality assurance, this book is ideal for research supervisors, higher education faculty, librarians, educators, administrators, researchers, academicians and students. **Commonwealth Universities Yearbook**, 1966. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
