CHIEF EXAMINER'S REPORT BIOLOGY (2022)

INTRODUCTION

The 2022 Biology paper I was well set with questions testing the basic to high order as well as the necessary different skills. The paper covered the syllabus well. All the diagrams were clear enough. There were two typographical errors. The general performance was average.

A. GENERAL OBSERVATIONS

Knowledge of Biological Basics

Candidates scored good by the knowledge of biological basics as they failed to score in general across the questions. E.g., when highlighting the role of mitochondria in cell, failed to draw a cell for question 2, when Function of the nucleus in question 10, otherwise those candidates scored well in the following questions. 1, 2.

Reasoning Ability

Candidates were able to score good by the reasoning ability as they failed to apply Knowledge of theory and application in questions 8 to 10.

Candidates' Progress Over the Questions

Candidates failed to write some words as English, e.g., "cell", instead of cytoplasm in questions 6 to 10, "vacuole" instead of vacuoles in questions 11.

- Alligpalli name wrote as g. along instead of alligpalli in question 10.
- Used a few instead of just.
- Used Chloroplast instead of chloroplast in question 11.
