Malign Velocities Accelerationism And Capitalism:

Malign Velocities Benjamin Noys, 2014-10-31 We are told our lives are too fast subject to the accelerating demand that we innovate more work more enjoy more produce more and consume more That s one familiar story Another stranger story is told here of those who think we haven t gone fast enough Instead of rejecting the increasing tempo of capitalist production they argue that we should embrace and accelerate it Rejecting this conclusion Malign Velocities tracks this accelerationism as the symptom of the misery and pain of labour under capitalism Retracing a series of historical moments of accelerationism the Italian Futurism communist accelerationism after the Russian Revolution the cyberpunk phuturism of the 90s and 00s the unconscious fantasies of our integration with machines the apocalyptic accelerationism of the post 2008 moment of crisis and the terminal moment of negative accelerationism suggests the pleasures and pains of speed signal the need to disengage negate and develop a new politics that truly challenges the supposed pleasures of speed *Human Rights - Illusory*

Freedom Luke Gittos, 2019-02-22 A progressive argument for repealing the Human Rights Act Contrary to contemporary panic around human rights repeal Human Rights Illusory Freedom puts a progressive case against the Human Rights Act It describes how human rights arose as a new language for western governments following the collapse in their collective authority in the aftermath of World War 2 and shows how the UK Human Rights Act has presided over a catastrophic loss of freedom which continued a process which began with the Tory party in the 1970s Human Rights Illusory Freedom makes a positive case for restoring control over our traditional freedoms to the electorate and away from unaccountable Judges in the UK Courts and the European Court of Human Rights *The British State* Chris Nineham, 2019-10-25 What happens if a radical government gets elected in Britain How will the banks the civil servants the media and the military react Is the idea of a British coup far fetched How can the left prepare Chris Nineham addresses these questions by looking behind the myths at the reality of two hundred years of British state rule He brings us a warning from history Don t be fooled again read this book *Time's Lie* Leo Cookman, 2020-05-01 Why are facts and statistics disparaged and dismissed now more than ever Why do people trust fake news If we have had enough of experts who should we listen to Rather than the possible collapse of modern society could this be an opportunity to look at not just society but our own lives in a different way Whoever controls the narrative is the one who is in control Time s Lie analyses the history the science and the philosophy behind the creation of linear stories or Narrativisation as this book dubs it *Toward Forever* Tony McKenna, 2020-03-27 Toward Forever Radical Reflections on History and Art is a diverse colourful and eclectic set of essays of historical and cultural analyses From the genesis of Islam as a social movement to an account of Goya s art in the context of feudal absolutism and the Napoleonic wars to The Da Vinci Code and much more besides McKenna is a classical Marxist not shy of addressing popular culture past and present works often ignored by other Marxist critics increasingly confined to Academia and its high brow concerns

The Meaning of Trump Brian Francis Culkin, 2018-06-29 The election of Donald Trump was a shattering moment to the

political sensibilities of America immediately sending the country into a frenzy of commentary critique and a never ending media coverage that has bordered on the absurd But the question still remains what does it all mean The Meaning of Trump is an ideological critique that sees the election of Donald Trump as a completely natural progression to the general trajectory of digitized technologies neoliberalism and a new breed of financialized capitalism destructive global forces that know no party affiliation or national boundary Although Donald Trump is undoubtedly the symptom that has exploded to the surface after nearly four decades of failed policies and broken promises by both Republicans and Democrats alike his election can also be seen as an existential fork in the road for both the United States and even humanity itself What path is taken still remains to be seen

Hothouse Utopia Ryan Gunderson,2021-10-29 What is to be done when the future is already ablaze With the international spread of right wing populism widening inequalities precarious forms of labor becoming normative surveillance capitalism and a worsening ecological crisis the future is bleak One issue in particular the likelihood of catastrophic climate change coupled with the lack of a global movement with the organization and vision to effectively challenge our suicidal social order yields the crushing awareness that future generations will be trapped in prehistory one in which humanity continues to be dominated by its own creations instead of shaping the historical process in line with reason Expanding upon the ideas of Theodor W Adorno Ernst Bloch Lucien Goldmann and others Ryan Gunderson examines the modes of action and thought through which we react to the likelihood of a catastrophic future in ways that reproduce instead of challenge the status quo and how we can instead productively sustain the search for a better world against all odds

Revolutionary Keywords for a New Left Ian Parker,2017-12-08 Revolutionary Keywords for a New Left comprises short essays on fifty revolutionary keywords each word being put to work on a contemporary political issue With keywords ranging from academicisation to neoliberalism from postcolonial to Zionism and with subjects including Badiou North Korea sexual violence and i ek the book concludes with an essay mapping the development of progressive keywords before our century of revolution which began in 1917 keywords that emerged in the fifty years of struggle between 1917 and 1967 and revolutionary keywords for the new left today

Alphonso Lingis and Existential Genealogy Alexander E. Hooke,2019-10-25 What is philosophy Is philosophy an academic discipline that produces arguments and theories or is philosophy also about understanding the world through stories metaphors analogies ambience and even through feelings Alphonso Lingis approaches philosophy the way a travel writer approaches a strange new land with his eyes open and with a conscious desire for experience Using the genealogical approach of Nietzsche and Foucault his work continues the phenomenological tradition Alexander E Hooke s Alphonso Lingis and Existential Genealogy is the first book length study of Lingis philosophical works

Disordered Minds Ian Hughes,2018-09-28 Disordered Minds offers a compelling and timely account of the dangers posed by narcissistic leaders and provides a stark warning that the conditions in which this psychopathy flourishes extremes of social inequality and a culture of hyper individualism are the hallmarks of our present age An excellent account of how

malignant narcissism is evident in the lives of the great dictators and how the conditions in which this psychopathy flourishes have returned to haunt us Dr Kieran Keohane editor of *The Social Pathologies of Contemporary Civilization* **The Blood-Stained Poppy** Kevin Rooney, James Heartfield, 2019-10-25 For a century the war dead have been honoured with Red Poppies on Remembrance Day The Poppy is part of a cult of death that celebrates the slaughter of the Great War of 1914 18 The Poppy and the Remembrance Day ceremony turn grief to sanctify war Here we expose the truth about the First World War and about the century of militarism that followed The war was not fought to make the world safe but out of hatred and imperial greed In the hundred years since the end of the First World War Britain's military ventures have continued to wreak havoc across the world The Poppy is a symbol of British militarism not a badge of peace **Serkeftin** Marcel Cartier, 2019-02-22 In the Spring of 2017 activist journalist and hip hop artist Marcel Cartier was given exclusive access to the structures set up in the predominately Kurdish areas in northern Syria Over the course of more than a month Cartier travelled across the terrain known as Rojava experiencing the radical grassroots revolution that is sweeping the region He spoke with commanders of the People's Protection Units YPG visited women's organisations saw the cooperatives and communes in action that have transformed the concept of democracy and found his understanding of revolution challenged and reinvigorated Unique in its access emotion and humanity **Serkeftin** A Narrative of the Rojava Revolution is a beautiful account of a contradictory and complex process that is fundamentally changing society in the midst of the 21st century's most brutal civil war Meaning victory the Kurdish word *serkeftin* captures the spirit of optimism in the catastrophe that has engulfed this beautiful country since 2011 and has simultaneously brought the possibility of freedom ever closer **The Circle of the Snake** Grafton Tanner, 2020-12-11 Shocked by 9 11 the Great Recession digital anxiety and ecological collapse the West suffers from nostalgia People everywhere yearn for a utopian version of the past that never existed Desperate for relief many long to escape from the present Some will stop at nothing to achieve it In his essential new book Grafton Tanner author of *Babbling Corpse Vaporwave* and *the Commodification of Ghosts* argues that our nostalgia today is partly a consequence of the attention economy At a time when historical literacy is crucial and old prejudices are percolating into the present Big Tech's predictive algorithms are locking us into nostalgic feedback loops The result is a precarious society with its gaze fixed on the good old days Spanning from the ancient Sophists to *Black Mirror* **The Circle of the Snake** is at once a reckoning with the myth of digital utopia and an incisive analysis of nostalgia as a weapon to spread fascism **Ethical Portraits** Hatty Nestor, 2021-04-30 Hatty Nestor is a writer of rare commitment ambition and talent whose interest in the field of criminal and carceral portraits has already produced an urgent and engaged piece of research and writing The book outlined here mounts a timely and compelling case for such representation as more urgently than ever in need of analysis Brian Dillon author of *Essayism* Prisons systematically dehumanise the imprisoned Visualised through mugshots and surveillance recordings the incarcerated lose control of their own image and identity The criminal justice system in the

United States does not only carry out so called justice in ways that compound inequality it also minimises the possibility for empathetic encounters with those who are most marginalised It is therefore urgent to understand how prisoners are portrayed by the carceral state and how this might be countered or recuperated How can understanding the visual representation of prisoners help us confront the invisible forms of power in the American prison system

Ethical Portraits investigates the representation of the incarcerated in the United States criminal justice system and the state's failure to represent those incarcerated humanely Through wide ranging interviews and creative nonfiction Hatty Nestor deconstructs the different roles of prison portraiture such as in courtroom sketches DNA profiling and the incarceration of Chelsea Manning Includes Foreword by Jackie Wang

Malibu Motel Chaunceton Bird, 2019-07-24 Based on the incredible true story of a hapless lottery winner Malibu Motel is a raw timeless novel exploring the undercurrents of capitalism Caish Calloway is struggling to maintain a stake in the land of limitless privilege Blinded by pride and fueled by greed Caish is slave to the wiles of a moneyed mind as only one who has tasted wealth's powerful fruit can be

Albion's Secret History Guy Mankowski, 2021-03-26 Albion's Secret History compiles snapshots of English pop culture's rebels and outsiders from Evelyn Waugh to PJ Harvey via The Long Blondes and The Libertines By focusing on cultural figures who served to define England Guy Mankowski looks at those who have really shaped Albion's secret history not just its oft quoted official cultural history He departs from the narrative that dutifully follows the Beatles The Sex Pistols and Oasis and by instead penetrating the surface of England's pop history including the venues it was shaped in throws new light on ideas of Englishness As well as music Mankowski draws from art film architecture and politics showing the moments at which artists like Tricky and Goldfrapp altered our sense of a sometimes green but sometimes unpleasant land The most illuminating odyssey through lost hidden or forgotten English pop culture since Michael Bracewell's England Is Mine Rhian E Jones author of Clampdown Pop Cultural Wars on Class and Gender

He Was Our Man in Washington Owen Symes, 2021-04-30 Owen Symes is a rising young star who has created a masterful social history of the Obama years The clarification of Obamacare and other policies for health and human services is especially helpful As we move forward Symes's analysis helps us shed our illusions so we can avoid making the same mistakes all over again

Howard Waitzkin Distinguished Professor Emeritus of Sociology University of New Mexico *He Was Our Man in Washington* provides a detailed narrative of the years of the Obama administration gravitating around six key topics the War on Terror the Great Recession marginal struggles the Affordable Care Act climate change and Indigenous issues that sit at the intersection of the other topics Each chapter begins with a brief account of the historical context within which the Obama administration acted The result is a fair minded but highly critical interpretation of president Obama and his brand of hope and change grounded in a reality that goes beyond mere headlines

Peace or Pacification? Liam Ó Ruairc, 2019-08-30 Often the so called Irish question is reduced to one of ancestral hatreds but this timely book following the revenant tensions borne out of Brexit negotiations grounds its study in

the context of colonialism anti imperialism and liberation struggles This study demonstrates that peace might not be found in justice and argues instead of a peace process for a pacification process **Psy-Complex in Question** Ian

Parker,2018-01-26 Psy Complex in Question traces a series of key debates in and against the psy complex through critical reviews of twenty five key texts over the last twenty five years with an emphasis on recent critical psychological psychoanalytic and critical social theory contributions to how we think about human agency and subjectivity The reviews together set out the unfolding context for the debate and situate the texts under discussion in the cross cutting debates that define critical psychology today It also provides an accessible introduction to how psychoanalysis and social theory with a particular focus on the work of Jacques Lacan and Slavoj i ek bears upon work carried out by a new generation of researchers Ian Parker s book is written from the perspective of a critical insider to the discipline of psychology psychoanalysis and social theory and it will serve as a primer for those new to the ideas searching for compass points and radical arguments as well as examples of how to write and how not to write a book review **The Conscience of a**

Progressive Steven Klees,2020-10-30 Prof Klees book is a must read for anyone interested in politics economics and education today During the latter part of the 20th century in far too many countries we have witnessed an unconscionable and steady shift to the right by liberals and social democratic parties resulting in a neoliberal consensus Prof Klees critique from a progressive perspective is extremely timely as it contributes to a necessary strategic reflection on how to rebuild a truly progressive movement General Secretary Education International the global teachers union The Conscience of a Progressive begins where Senator Barry Goldwater s The Conscience of a Conservative 1960 and Paul Krugman s The Conscience of a Liberal 2007 leave off Prof Klees draws on 45 years of work around the world as an economist and international educator to paint a detailed picture of conservative liberal and progressive views on a wide range of current social issues He takes an in depth look at his specializations education economics poverty and inequality international development and capitalism He examines major social problems like health care the climate crisis and war Throughout the book Prof Klees tries to give a fair and careful depiction of how conservatives and liberals see these issues whilst focusing on critiques by progressives and on the alternatives they offer
