provoking reflection on uncertainty in medicine and in life Growing up as the daughter of a dedicated surgeon Elizabeth L Silver felt an unquestioned faith in medicine When her six week old daughter Abby was rushed to the Neonatal Intensive Care Unit with sudden seizures and scans revealed a serious brain bleed her relationship to medicine began to change The Tincture of Time is Silver s gorgeous and haunting chronicle of Abby s first year It s a year of unending tests doctors opinions sleepless nights promising signs and steps backward and above all uncertainty The mysterious circumstances of Abby s hospitalization attract dozens of specialists none of whom can offer a conclusive answer about what went wrong or what the future holds As Silver explores what it means to cope with uncertainty as a patient and parent and seeks peace in the reality that Abby s injury may never be fully understood she looks beyond her own story for comfort probing literature and religion examining the practice of medicine throughout history and reporting the experiences of doctors patients and fellow caretakers The result is a brilliant blend of personal narrative and cultural analysis at once a poignant snapshot of a parent s struggle and a wise meditation on the reality of uncertainty in and out of medicine and the hard won truth that time is often its only cure Heart wrenching unflinchingly honest and beautifully written The Tincture of Time is a powerful story of parenthood an astute examination of the boundaries of medicine and an inspiring reminder of life s precariousness 2007
