In era of science and technology, disciplinary problems among secondary school students are getting out of hand. It is, therefore, imperative that action be taken by all sectors of society to eradicate these disciplinary problems.

The school authorities play an important role in this fight against disciplinary problems in school. All teacher need to be vigilant and on the lookout for any form of indiscipline, even those as minor as absenteeism. They also need to investigate fights no matter how small as these are symptoms of more serious problems. Preventive measures such as strict enforcement of school rules and appropriate punishments are extremely necessary nowadays. Public caning and expulsion of repeat offenders of serious misconduct such as fighting, gangsterism and extortion, are highly recommended.

In order for the schools to effectively combat indiscipline, the full support of the Ministry of education is necessary. The ministry could provide special training for heads of schools and discipline teachers. Parents are also an important group of people who can help eradicate disciplinary problems in secondary schools. Parents have a very important role to play in ensuring the good behavior of their children at all times. Besides that, parents should be aware of the activities that their children are engaged in. a good way of keeping tabs on the going-on in schools is to play an active role in the parent-teacher association.

Finally, the police can also be called upon to combat disciplinary problems. They can be called upon to counsel students through lecture, talks and workshops. The police need to be allowed to patrol school compounds to make their presence felt. They should also be empowered to arrest students suspected of being involved in serious offences such as gang fights.
