National Baptist Ordination Study Guide:

Journal of the Annual Session of the National Baptist Convention National Baptist Convention of the United States of America, 1899 **The Post-Black and Post-White Church** Efrem Smith, 2012-06-21 A blueprint for missional multi ethnic Christian community Efrem Smith an internationally recognized and innovative African American leader offers a workable plan for connecting theology practical ministry models and real stories of people in multi ethnic Christian communities Using the example of Jesus Smith develops a theology of multi ethnic and missional leadership Embracing urban and ethnic subcultures such as hip hop this book provides a rich mix of multi ethnic church development reconciliation theology missional church thinking and Christian community Provides a common sense approach to creating a multi ethnic Christian community Includes practical ministry models and real stories of people who are members of thriving multi ethnic congregations Author is acclaimed African American thought leader who planted and led a multi ethnic churches of close to 1 000 and now leads a regional division of a denominational committed to ethnic multi ethnic and missional churches This book is written for anyone wrestling with what it means to be a Christian in an increasingly multi ethnic world polarized by class politics and race Hidden Histories Monique Moultrie, 2023-02-03 In Hidden Histories Monique Moultrie collects oral histories of Black lesbian religious leaders in the United States to show how their authenticity social justice awareness spirituality and collaborative leadership make them models of womanist ethical leadership By examining their life histories Moultrie frames queer storytelling as an ethical act of resistance to the racism sexism and heterosexism these women experience She outlines these women s collaborative intergenerational and leadership styles and their concerns for the greater good and holistic well being of humanity and the earth She also demonstrates how their ethos of social justice activism extends beyond LGBTQ and racialized communities and provides other models of religious and community leadership Addressing the invisibility of Black lesbian religious leaders in scholarship and public discourse Moultrie revises modern understandings of how race gender and sexual identities interact with religious practice and organization in the twenty first century The Journal and Messenger, 1918 **Jesus, Jobs, and Justice** Bettye Collier-Thomas, 2010-02-02 The Negroes must have Jesus Jobs and Justice declared Nannie Helen Burroughs a nationally known figure among black and white leaders and an architect of the Woman s Convention of the National Baptist Convention Burroughs made this statement about the black women s agenda in 1958 as she anticipated the collapse of Jim Crow segregation and pondered the fate of African Americans Following more than half a century of organizing and struggling against racism in American society sexism in the National Baptist Convention and the racism and paternalism of white women and the Southern Baptist Convention Burroughs knew that black Americans would need more than religion to survive and to advance socially economically and politically Jesus jobs and justice are the threads that weave through two hundred years of black women s experiences in America Bettye Collier Thomas s groundbreaking book gives us a remarkable account of the religious faith

social and political activism and extraordinary resilience of black women during the centuries of American growth and change. It shows the beginnings of organized religion in slave communities and how the Bible was a source of inspiration the enslaved saw in their condition a parallel to the suffering and persecution that Jesus had endured. The author makes clear that while religion has been a guiding force in the lives of most African Americans for black women it has been essential. As co-creators of churches women were a central factor in their development. Jesus, Jobs and Justice explores the ways in which women had to cope with sexism in black churches as well as racism in mostly white denominations in their efforts to create missionary societies and form women's conventions. It also reveals the hidden story of how issues of sex and sexuality have sometimes created tension and divisions within institutions. Black church women created national organizations such as the National Association of Colored Women, the National League of Colored Republican Women and the National Council of Negro Women. They worked in the interracial movement in white-led Christian groups such as the YWCA and Church Women United and in male-dominated organizations such as the NAACP and National Urban League to demand civil rights, equal employment and educational opportunities and to protest lynching, segregation and discrimination. And black women missionaries sacrificed their lives in service to their African sisters whose destiny they believed was tied to theirs. Jesus, Jobs and Justice restores black women to their rightful place in American and black history and demonstrates their faith in themselves, their race and their God.

The Churchman, 1886 **The Standard**, 1901 **Redeeming the South** Paul Harvey, 2000-11-09

Together and separately black and white Baptists created different but intertwined cultures that profoundly shaped the South. Adopting a biracial and bicultural focus, Paul Harvey works to redefine southern religious history and by extension southern culture as the product of such interaction, the result of whites and blacks having drawn from and influenced each other even while remaining separate and distinct. Harvey explores the parallels and divergences of black and white religious institutions as manifested through differences in worship styles, sacred music and political agendas. He examines the relationship of broad social phenomena like progressivism and modernization to the development of southern religion, focusing on the clash between rural southern folk religious expression and models of spirituality drawn from northern Victorian standards. In tracing the growth of Baptist churches from small outposts of radically democratic plain folk religion in the mid-eighteenth century to conservative and culturally dominant institutions in the twentieth century, Harvey explores one of the most impressive evolutions of American religious and cultural history.

Williams, Williams's important work argues that taking the New Testament and particularly Galatians 3:28 seriously should lead black churches to challenge sexism and racism not only in society at large but also in African American churches and denominational bodies. By addressing oppressive practices in African American and other churches, they remain true to the liberation principle of the Bible, the equality of all people before God, which has been used

effectively by black churches His argument unfolds first through looking at the biblical text especially the figure of Jesus and his ministry and how he broke the social barriers of his day It then shows how African American Christians have historically appropriated this lens and legacy in their own religious and social experience and explains how this vision pertains to the state of black women in the churches today Williams s book will help all Christian churches reappropriate the biblical text and serve as a model for how the Bible can be responsibly employed in the churches and the public arena to promote equality for all people **THE BAPTIST MINISTRY THEN AND NOW** ROBERT G. Deweese,2005 Divided opinion on the topic of this book has caused controversy in Baptist history and life Most Baptist individuals and churches have strongly opposed women deacons Some Baptist associations have even disfellowshipped churches that have approved women deacons And women in general have been suppressed by many recent actions of the Southern Baptist Convention thereby affecting women deacons However thousands of Baptist churches include women in their deacon bodies and find that they make invaluable contributions The book presents arguments on both sides of the topic but lands squarely in support of women deacons **The Presbyterian** ,1903 **Books and Pamphlets, Including**
