This Empire the Martian Empire eventually spread over most of the known Universe before it finally faded away in 1948 During the eleven years it flourished however the Martian Epic became very elaborate covering some 15 billion years of Martian history and Martian technology manners and morals art music religion language and literature And it generated a narrative Epic that encompassed many galaxies Although a number of people became involved in this epic Bob Parks John Roth Robert Frickel Charles Goodrum and Robert Arnold among others it was first and foremost the vision of James who worked out and brought together the maps timelines the celestial spaces the customs and the characters that made up the Martian Empire in all its diverse grandeur In early 1937 I was only four years old and so it was that most of my childhood and youth were somehow surrounded or suffused with the images and tales of the Epic However it was not until I reached the age of eleven that I became the brief inheritor of and participant in the affairs of the Epic itself It was during World War II in 1943 that I first took over the job of running the business of the Martian Empire while all of its members were away from Wichita in the Army Navy and Air Force Knowing that he would soon be drafted James began grooming me for the task early in that year He reported for active Military duty on June 3 1943 and that changed the course of my daily life I was now on my own with a heavy responsibility I published The Martian News Letter the official journal of the group using carbon paper and a bit later a hectograph published The Order of Shultz which circulated the business of the inner circle reorganized The Files answered correspondence among the far flung Martians scattered around the globe and did research for a number of topics for James using my contacts in the world of Science Fiction Fandom When James returned from active service in February of 1946 my task had been completed and in any case my interests were largely turning in other directions By 1947 in my sophomore year at East High School I was even leaving Science Fiction itself behind and was now involved in art and literature But then that is another story In the Following seven Chapters Lee Streiff describes in his Guide to the Epic of the Martian Empire of how the tales and creation of the Epic all came about The Modern City ,1920 **Ebony** ,2002-07 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
