

INDIANS: THE NATIVE AMERICANS

Long before the early settlers came to America, the land was inhabited by tribes and nations of people known to us today as Indians. When Columbus came to the Americas, he thought he had landed in India. For this reason, natives were called Indians although they knew themselves by a variety of other names.

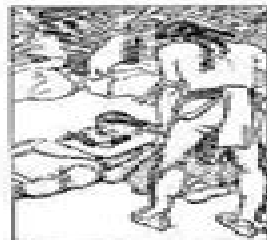

Sweeping across the continent these natives set up nations and confederations as diverse in language and culture as the countries which made up Europe.

Their facial structure looked Asian indicating perhaps that centuries before the dawn of history they had come to the Americas from Asia across an ancient land bridge connecting Siberia and Alaska.

Some were friendly, others were fearsome. Some belonged to the mountains, others lived across the Great Plains and still others inhabited the woodlands of the eastern forests. The Cherokee, for example, had an advanced agricultural culture and in 1827 they established themselves as the Cherokee Nation with a constitution providing for an elected government. Their leader, Sequoyah, created a written Cherokee script for writing. He taught thousands of his people how to read and write. When gold was discovered on their land, they were forced to move West and many died on the "trail of tears."

The Zuni are noted for basketry and were master craftsmen in pottery, weaving and turquoise jewelry. They were also admired for their ceremonial dances which are still practiced today. In the Southwest the Anasazi lived as cave dwellers and on the open prairie of the Midwest the Sioux lived in tepees made of buffalo hide. The Apache were famed as fierce fighters and the Navaho established the first Indian operated community college. They are also famed for their metalwork and silver jewelry craftsmanship.

The oral traditions of these great people gave birth to fantastic legends about the origin of the earth and the Gods which defended and protected them. When the early European settlers came to America, there was at first an exchange of culture. The Indians gave the colonists and pioneers corn and potatoes in exchange for guns and horses. The Indians taught the settlers about traditional medicines made from herbs and plants. Unfortunately, the exchange was not fair. The western settlers brought with the smallpox and other diseases formerly unknown to the New World.

Later, with colonial expansion, culture gave way to conflict and the Indians found themselves fighting for the land which they had always believed would be their own. Today, the Indians live protected by law on reservations which are only dim shadows of their former glory. They may possess the land on which they live, but the boundaries the reservations have confined them to live as tenants rather than landlords. Of all the

minorities who exist in America, they are in many ways among the poorest and most neglected and their pain is probably the deepest to bear. The land which is now their home has been irrevocably transformed beyond what was envisioned by their forefathers ages ago.

Figure out the underlined words in the passage by looking at their meanings below.

- a) one that pays rent to use or occupy land, a building, or other property owned by another.
- b) a native American tent; usually of conical shape
- c) impossible to retract or revoke
- d) one who ventures into unknown or unclaimed territory to settle.
- e) skill in an occupation or trade.
- f) the science, art, and business of cultivating soil, producing crops, and raising livestock; farming.
- g) to pay little or no attention to; fail to heed; disregard
- h) a highly contagious viral disease characterized by fever and weakness and skin eruption with pustules that form scabs that slough off leaving scars
- i) a state of open, often prolonged fighting, a battle or war
- j) to picture in the mind; imagine
- k) the line or plane indicating the limit or extent of something

Beyond the Culture Tours Gladys Cruz, Sarah

Jordan, Jos, Mel, ndez, Steven Ostrowski, 2013-10-11 In calling this book *Beyond the Culture Tours* the authors bring the reader's attention to a set of issues in the teaching of literature and culture. The Culture Tour is an old concept in the West dating back to the seventeenth century. The educated young man it was an exclusively male project at first was expected to round off his education with the Grand Tour. This meant a visit to the major sites on the European continent particularly Greece and Rome and occasionally to the Holy Land. The object was to have a first hand view of these monuments and looking at them alone brought people the name of being cultured or well traveled. As the idea spread in the early part of the twentieth century it allowed for the vicarious tour rather than the actual one. Students were asked to look at collections of art or reproductions of art work listen to concerts or later recordings and to read certain classical works drawn from what has come to be known as the canon. The point of this form of education was that exposure to these works in itself formed a version of the Grand Tour. The basic idea behind the tour approach is that exposure to a culture in books is like travel to an ethnic theme park. This volume looks beyond the tour approach and reports on the results of a four year project undertaken by a research team from the National Center for Research in the Learning and Teaching of Literature. Their intent was to study the teaching and impact of multicultural literature. The team examined how students approached texts that either came from their culture or from another and how teachers perceived the students the literature and their role. This volume details various aspects of their findings.

The Big Resource Guide to Teaching and Learning Texas History Tracey Williams, 2016-10-29

Native American Literature Helen May Dennis, 2006-11-22 Native American Literature underwent a Renaissance around 1968 and the current canon of novels written in the late twentieth century in American English by Native American or mixed blood authors is diverse exciting and flourishing. Despite this very few such novels are accepted as part of the broader American literary canon. This book offers a valuable and original approach to contemporary Native American literature. Dennis's contemplation of space and spatialized aesthetics is compelling and persuasive. Considering Native American literature within a modernist framework and comparing it with writers such as Woolf Stein T S Eliot and Proust results in a valuable and enriching context for the selected texts. Vital reading for scholars of

Native American Literature this book will also provide good grounding in the subject for those with an interest in American and twentieth century literature more generally The Cambridge History of American Literature: Volume 3, Prose Writing, 1860-1920 Sacvan Bercovitch, Cyrus R. K. Patell, 1994 Multi volume history of American literature *Teaching Reading to American Indian/Alaska Native Students* Jon Reyhner, 2001 **Native American Medicine** Nancy Bonvillain, 1997 Surveys the Native American healing and health care practices from the time of first European contact up to the present Includes a chapter profiling some Native American healers **Multicultural Gifted Education** Donna Y. Ford, 2021-09-03 Each year the United States witnesses significant changes in the demographics of its citizens Accordingly schools and the students we teach are also changing With such changes come the need responsibility and obligation for educators to provide students with an education that is both rigorous and culturally responsive This book bridges the gap that exists between educating advanced learners and educating culturally different learners Multicultural Gifted Education 2nd ed addresses various topics including racially and culturally diverse students and families historical and legal perspectives on educating gifted and minority students culturally responsive curriculum and assessment and counseling students from a multicultural perspective
