Native American Legends: Stories Of The Hopi Indians Vol Two G.W. Mullins,2018-02-05 Native

American Indian culture is known for its rich oral traditions. In many cases, there were no written languages to document their histories. The tribes relied on verbal communication to share their customs, history, rituals, and legends. The tribal elders used vibrant tales to pass information to the younger generations. These stories were not only related to tribal history but were meant to entertain as well as educate while preserving their tribal culture. Each time an elder told a story, new life was breathed into it. The telling of the stories gave a revived meaning to the tribe's past and their relations to the earth and the animals they had depended on for existence. The Hopi Indians' culture was and is rich with these stories. With a past stretching back thousands of years, they are one of the oldest living cultures in documented history. The tribe's teachings relate stories of a great flood and other events dating to ancient times. The Hopi trace their ancestry back to the Ancient Puebloan and Basketmaker cultures. They were responsible for many stone structures and artifacts of the Grand Canyon and across the Southwest. A deeply religious people, they live by the ethic of peace and goodwill. There was a time in Hopi history that when crops were harvested, religious ceremonies had been performed, and the winter wood had been collected. It was at this time that the people broke out into dance and story telling. It was a time of sharing a rich history. With this book, that time is now included in this book, which is one of two volumes, is a huge collection of the stories of the Hopi Indians. Without books and without writing, the Hopi have an extensive literature. These stories have been collected with the main purpose of preserving the ancient stories of Native American life. Over the years, many collectors have recorded several versions of some of these tales. So keep in mind, there is some variation to what has been collected. You are invited to enjoy the culture and, as in true Native tradition, share these stories with the next generation.
