KARAÇELİK,2020-11-08 Early math skills are crucial to children s math and school success in the following years The use of storybooks as a mathematics learning method has been discussed frequently in recent years Shared book reading allows different mathematical conversations to pass between parent or teacher and child NCTM 1989 promotes the using of mathematics storybooks as a way of introducing mathematical ideas to children as it offers a meaningful context for teaching mathematics concepts to children Shared book reading improves children s problem solving skills allows for an exchange of ideas establishes logical and may prompt discussion of abstract concepts This chapter reviews how children learn

mathematics and research on the use of storybooks for mathematics skill development It concludes with examples of how explicit and implicit storybooks in either paper or digital versions may be used Keywords Storybooks mathematics children s learning of mathematics children s development Cannabis Michał Wanke,Sveinung Sandberg,Ruken Macit,Hakan

Gülerce,2024-06-14 This book demonstrates how culture matters for the understanding of cannabis use It stems from the growing body of research on how users manoeuvre stigmatisation and celebrate the subcultural status of cannabis amid rapid transformation of the substance and its societal reception The volume presents international studies that challenge the normalisation thesis and simplified views on patterns of use as well as the Western bias in social research of cannabis Chapters in this book map the variability of cannabis cultures and markets on a global scale including digital regulated and illicit markets in transformation They study cannabis through stigmatisation gender social worlds symbolic boundaries subcultures and identity work The chapters address diverse themes such as how Latvian Polish Nigerian or Mexican users negotiate mainstream conservative and sometimes gendered societal reactions to cannabis and how Nordic users identities are played out in more progressive contexts Chapters also cover cannabis use by older people and small growers cultures in the US and the interconnections between the established cultures and their digital augmentation in Australia Synthetic cannabis use is studied in New Zealand and the many contradictions of contemporary cannabis policies are highlighted throughout Taken together this book offers an assortment of studies that provide a descriptive and conceptual snapshot of ongoing transitions of paradoxically stable cannabis cultures It was originally published as a special issue of Drugs Education Prevention and Policy Heritage and School Language Literacy Development in Migrant Children Raphael Berthele,Amelia

Lambelet,2017-11-15 This book discusses literacy development in heritage language speakers and presents the results of four different quantitative studies that investigate the transfer of literacy skills in bi and multilingual language development The empirical studies focus on different populations of pupils most of them located in various parts of Switzerland and emphasise the potential residing in shared or transferred resources between their heritage languages and the languages spoken in the region to which their family has immigrated The goal of all studies was to gain an understanding of the factors both linguistic and non linguistic in nature that contribute to the development of language skills in both the heritage and school languages Theoretical assumptions are put to the test via hypothesis testing and the generally shared assumptions on bilingual education are questioned based on the data Furthermore methodological problems in the investigation of linguistic interdependence are discussed This book contributes to the scholarly investigation of potential beneficial effects in academic proficiency across languages in migrant children      *Population Health Intervention Research* Daniel W. Harrington,Sara McLafferty,Susan J. Elliott,2016-07-22

Health geographers are well situated for undertaking population health intervention research PHIR and have an opportunity to be at the forefront of this emerging area of inquiry However in order to advance PHIR the scientific community needs to be innovative with its methodologies theories and ability to think critically about population health issues For example using alternatives e g community based participatory research to traditional study designs such as the randomised control trial health geographers can contribute in important ways to understanding the complex relationships between population health both intended and unintended consequences interventions and place Representing a diverse array of health concerns ranging across chronic and infectious diseases and research employing varied qualitative and quantitative methodologies the contributions to this book illustrate how geographic concepts and approaches have informed the design and planning of intervention s and or the evaluation of health impacts For example the authors argue that geographically targeting interventions to places of high need and tailoring interventions to local place contexts are critically important for intervention success Including an afterword by Professor Louise Potvin this book will appeal to researchers interested in population and public community health and epidemiology as well as health geography
