Guidelines

What is a Software Requirements Specification (SRS) document?

A Software Requirements Specification (SRS) also known as SRS report is a document that describes the nature of a project, software or application. This document is primarily prepared in the analysis phase of a system development project thus acts as the final deliverable of the analysis phase.

The software requirement specification document includes the purpose, scope, functional and nonfunctional requirements, and software and hardware requirements of the project. In addition to this, it also contains the information about environmental conditions required, safety and security requirements, software quality attributes of the project etc.
