Amanda Palmer, 2025-05-01 Rock star crowdfunding pioneer and TED speaker Amanda Palmer knows all about asking. Performing as a living statue in a wedding dress she wordlessly asked thousands of passersby for their dollars. When she became a singer songwriter and musician she was not afraid to ask her audience to support her as she surfed the crowd and slept on their couches while touring. And when she left her record label to strike out on her own she asked her fans to support her in making an album leading to the world's most successful music Kickstarter. Even while Amanda is both celebrated and attacked for her fearlessness in asking for help she finds that there are important things she cannot ask for as a musician as a friend and as a wife. She learns that she isn't alone in this that so many people are afraid to ask for help and it paralyzes their lives and relationships. In this groundbreaking book she explores these barriers in her own life and in the lives of those around her and discovers the emotional philosophical and practical aspects of *The Art of Asking*. Part manifesto part revelation this is the story of an artist struggling with the new rules of exchange in the twenty first century both on and off the Internet. *The Art of Asking* will inspire readers to rethink their own ideas about asking giving art and love. *While My Guitar Gently Weeps* Simon Leng, 2006 Kronologisk gennemgang af George Harrisons sange med hovedvigtigheden efter 1968. **John Lennon** Elizabeth Partridge, 2005 A biography of John Lennon from his turbulent childhood to rebellious rock n roll teen to writing and recording with the Beatles to life with Yoko Ono. **Guitar Masters** Alan di Perna, 2012-10-01 Book The guitar particularly in its electric form is the most influential instrument of the past 60 years. *Guitar Masters* spotlights the players who made it that way the visionary talents and living legends who developed the sound and style of the electric guitar as we know and love it. This book traces the life stories and assesses the musical legacies of such superstar guitarists as Jeff Beck and Keith Richards as well as anonymous but influential sidemen and behind the scenes stalwarts such as James Burton. Veteran music journalist Alan di Perna draws on three decades worth of experience as a writer and interviewer to extract the essence of what makes these gifted guitarists so influential and unique. Their stories are as diverse as they are inspiring. Yet what all these guitar masters share is an unshakable dedication to their craft and a deeply intuitive connection with their chosen instrument. Whether you're a fan a player or a master in your own right *Guitar Masters* will give you new insights into the lives and music of the players to whom we owe our very notion of what a guitar sounds like and its extraordinary power to move people like no other instrument. **Music in American Life** Jacqueline Edmondson, 2013-10-03 A fascinating exploration of the relationship between American culture and music as defined by musicians scholars and critics from around the world.
