Through many years of study, Keith Dowman has collected and translated their songs of realization and the legends about them. In consultation with contemporary teachers, he gives a commentary on each of the Great Adepts and culls from available resources what we can know of their history. Dowman's extensive Introduction traces the development of tantra and discusses the key concepts of the Mahamudra. In a lively and illuminating style, he unfolds the deeper understandings of mind that the texts encode.
