The Browning Automatic Rifle Robert R. Hodges Jr.,2012-04-20 For nearly fifty years the hard hitting mobile Browning Automatic Rifle or BAR served in US infantry units as a light squad automatic base of fire weapon providing quick bursts of concentrated fire Designed in World War One it didn t reach the front until September 1918 In the interwar years US forces used the BAR across the world from China to Nicaragua It also became a favorite of notorious gangsters like Clyde Barrow and Bonnie Parker who prized its ability to punch through police armored cars At the outset of World War II the US armed forces decided to adapt the BAR for a light machine gun role The BAR was not without its flaws it was heavy and difficult to dismantle and reassemble and it didn t cope well with sustained fire Nevertheless the BAR saw action in every major theater of World War II and went on to be used in Korea and in the opening stages of the Vietnam War Featuring arresting first hand accounts specially drawn full color artwork and close up photographs many in color this lively study offers a vivid portrait of this powerful long lived and innovative weapon that saw service with US and other forces across the world for much of the 20th century
