

Chapter 1

It's smart to be geopolitical!

While the title of this opening chapter may appear to be a little self-serving and owes its origins to Robert Strausz-Hupe, the founder of the right-wing Foreign Policy Research Institute in the United States, I aim to convince you that it is not only smart but also essential to be geopolitical. Amid the ongoing bloodshed in Afghanistan, Iraq, Sudan, and less well reported places such as the Congo, the continued relevance of geopolitics is overwhelming. Despite the claims made in favour of ever more intense forms of globalization, the relevance of territory, international boundaries, and claims to sovereignty remain as pressing as ever. A few feet here or there can mean the matter of life and/or death. The labelling of a particular place as 'dangerous' and/or 'threatening' can invite military assaults from land, sea, and air, as civilians found to their cost in southern Lebanon in the summer of 2006. Even America's allies in the midst of a Global War on Terror such as Pakistan, according to President Pervez Musharraf, have occasionally faced the unpleasant prospect of being 'bombed back to the stone age' if their commitment to root out terrorists and their networks ever wavered.

For those of us living in Europe and North America, geopolitics might at first appear to have less relevance – something to be applied to more turbulent areas of the world. This is a mistaken view. Geopolitics is also part of our everyday lives and by 'our' I

Geopolitics A Very Short Introduction Introduction

In the digital age, access to information has become easier than ever before. The ability to download Geopolitics A Very Short Introduction has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Geopolitics A Very Short Introduction has opened up a world of possibilities. Downloading Geopolitics A Very Short Introduction provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Geopolitics A Very Short Introduction has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Geopolitics A Very Short Introduction. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Geopolitics A Very Short Introduction. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Geopolitics A Very Short Introduction, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Geopolitics A Very Short Introduction has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of

free PDF resources available and embark on a journey of continuous learning and intellectual growth.
