George Washington Carver Gary R. Kremer, 2013-05-09 George Washington Carver 1864 1943 best known for his work as a scientist and a botanist was an anomaly in his own time a black man praised by white America This selection of his letters and other writings reveals both the human side of Carver and the forces that shaped his creative genius They show us a Carver who was both manipulated and manipulative who had inner tensions and anxieties But perhaps more than anything else these letters allow us to see Carver's deep love for his fellow man whether manifested in his efforts to treat polio victims in the 1930s or in his incredibly intense and emotionally charged friendships that lasted a lifetime The editor has furnished commentary between letters to set them in context

relationships with his friends colleagues supporters and those he loved Despite the exceptional trajectory of his career Carver was not immune to the racism of the Jim Crow era or the privations and hardships of the Great Depression and two world wars Yet throughout this tumultuous period his scientific achievements aligned him with equally extraordinary friends including Teddy Roosevelt Mohandas Gandhi Henry A Wallace and Henry Ford In pursuit of the man behind the historical figure Vella discovers an unassuming intellectual with a quirky sense of humor striking eccentricities and an unwavering religious faith She explores Carver s anguished dealings with Booker T Washington across their nineteen years working together at the Tuskegee Institute a turbulent partnership often fraught with jealousy Uneasy in personal relationships Carver lost one woman he loved to suicide and years later directed his devotion toward a white man A prodigious and generous scholar whose life was shaped by struggle and heartbreak as well as success and fame George Washington Carver remains a key figure in the history of southern agriculture botanical advancement and the struggle for civil rights Vella s extensively researched biography offers a complex and compelling portrait of one of the most brilliant men of the last century
