Chapter XV. Jack Thayer's Story  
Wreck (of the Titanic)

One of the calmest of the passengers was: young Jack Thayer, the seventeen-year-old son of Mr. and Mrs. John B. Thayer. When his mother was put into the life-boat he kissed her and told her to be brave, saying that he and his father would be all right. He and Mr. Thayer stood on the deck as the small boat in which Mrs. Thayer was a passenger made off from the side of the Titanic over the month sea.

The boy's own account of his experience is one of the most remarkable of all the wonderful tales of tremendous catastrophes:

[illegible][illegible]

"We then went down to our rooms on C deck, all of us putting on all our clothes. We all put on life-preservers, and we put our overcoats. Then we hurried up on deck and walked around on different places until the women were all ordered to collect at the port side."

**FROM PARENTS**

The father told me that he was sitting at the top of the stair on the starboard side of the ship, looking down at the deck on the port side.

*Text-Dependent Questions, Grades 6-12* Douglas Fisher, Nancy Frey, Heather Anderson, Marisol Thayre, 2014-09-02 Fisher Frey's answer to close and critical reading. Learn the best ways to use text dependent questions as scaffolds during close reading and the big understandings they yield. But that's just for starters. Fisher and Frey also include illustrative video texts and questions, cross-curricular examples, and an online facilitator's guide making the two volumes of TDQ a potent professional development tool across all of K-12. The genius of TDQ is the way Fisher and Frey break down the process into four cognitive pathways: What does the text say? How does the text work? What does the text mean? What does the text inspire you to do?

**The Question is the Answer** Molly Ness, 2015-12-08 The Question is the Answer is a teacher's guide to helping young readers generate text-based questions. The purpose of this book is to help teachers and parents value and promote student-generated questions to facilitate motivation, engagement, and cognitive development.

That's a Great Answer! Dr. Nancy Boyles, Nancy N. Boyles, 2012 The ability to comprehend and to respond meaningfully to text is a skill students need every day, not just on test day. That's a GREAT Answer provides complete and ready-to-go support to help teachers get great answers to open-ended comprehension questions from the students who need help the most: elementary students, struggling older readers, and English language learners. In this revised second edition, Nancy Boyles now includes new Common Core State Standards-based objectives, step-by-step lesson sequences, collaborative tasks that link teaching to learning, insightful new teaching tips, updated and enhanced bibliographies, and student targets on the CD that specify how to meet each objective and answer a particular comprehension question. Her ready-to-go student scaffolds then break comprehension objectives into fifty-three specific measurable open-ended questions divided among four thinking strands. A chart shows the correlation between all objectives and the Common Core State Standards for comprehension, easily aligned to the literacy objectives of any state curriculum. Each open-ended question includes a step-by-step lesson sequence, a template for a related oral collaborative task, teaching tips, a bibliography of fiction and nonfiction picture books aligned with the question, a template instructing students how to find key evidence for the objective before writing their response, an answer frame scaffold for initial response practice that helps students at any grade level organize and elaborate, and a target on the CD that specifies for students how to meet each objective and answer a particular comprehension question. The included CD provides all of the answer frames and targets for the open-ended questions, as well as rubrics, criteria charts, planners, and an extensive master bibliography that matches key fiction and nonfiction literature models with appropriate objectives. From setting a foundation with great standards, books, and instruction through guidelines for assessment, That's a GREAT Answer offers a now more complete great answer for teachers who want to empower their students to respond well to open-ended questions.

From the Classroom to the Test Adele Macula, 2015-08 Today it is more essential than ever that students develop the knowledge and skills necessary to become college and career ready. There is a nationwide focus on the skills and strategies students need in order to be successful. At the core are the assessments currently in circulation. From the

Classroom to the Test How to Improve Student Achievement on the Summative ELA Assessments is a comprehensive book to help educators of grades 3-8 support students in these efforts. It provides information for adjusting instruction to enhance reading comprehension, close reading, vocabulary development, writing, and media skills, speaking and listening, and much more. Sample tests for each grade level rounds out this resource.

**Children With School Problems: A Physician's Manual** The Canadian Paediatric Society, Debra Andrews, William J. Mahoney, 2012-10-09. The physician's guide to diagnosing and treating learning disabilities in children. 1 in 10 Canadians have a learning disability and doctors must be able to identify, diagnose, treat, and manage children who are struggling in school. The first book specifically tailored for the needs of physicians working with kids with learning disabilities. Children With School Problems: A Physician's Manual covers such important areas as child development, diagnosing learning disabilities including data gathering, screening, and assessment, and physical examinations, management, medication, behavioral management, and educational interventions and prevention, including literacy promotion. Written by trusted experts from the Canadian Paediatric Society, Children With School Problems is filled with practical tools and resources that physicians, including paediatricians, family physicians, and paediatric learners can use to diagnose and treat children with learning disabilities. The only book on learning disabilities in children specifically designed for physicians. Written by trusted experts from the Canadian Paediatric Society. Covers important issues including literacy promotion, screening for disabilities, medication options, and much more. Gives physicians the tools they need to help children with learning disabilities. Physicians want to know more about learning disabilities and parents want their paediatricians and family physicians to provide more help when their kids struggle in school. Children with School Problems provides that information, making it an invaluable resource for any doctor working with kids.

**Revolutionizing English Education** Clarice M. Moran, 2024-04-30. Artificial Intelligence or AI has seemingly burst into public consciousness with sudden vigor. Previously relinquished to computer science journals, it erupted as the unrelenting topic of public media with most of the furor surrounding chatbots like ChatGPT. Although many educators began worrying about the implications of AI in student learning and creative activity, this book will demonstrate that AI can be harnessed as a source of inspiration and meaningful instruction. With an emphasis on useful classroom strategies as well as a consideration of the ethics of AI, this book seeks to start a conversation in this nascent area of research and practice. The primary focus is on the use of AI in the secondary English classroom, but educators in other disciplines will find plenty of ideas and information.
