Handbook To Critical Approaches To Literature Edition:

A Handbook of Critical Approaches to Literature Wilfred L. Guerin, 1966 *A Handbook of Critical Approaches to Literature*, 1990 **A Handbook of Critical Approaches to Literature. Wilfred L. Guerin [u. A.]** Wilfred L. Guerin, 1966 **A Handbook of Critical Approaches to Literature** Earle Gene Labor, Lee Morgan, John R. Willingham, Wilfred L. Guerin, 1969 **A Handbook of Critical Approaches to Literature** Wilfred L. Guerin, 1979 Now in its fourth edition *A Handbook of Critical Approaches to Literature* has become a standard introduction to the close reading of literature. It offers students and other readers a variety of ways to interpret a piece of literature ranging from traditional approaches through the formalist, the psychological, the mythic and archetypal and into such contemporary approaches as feminist criticism and cultural studies. Applying these diverse approaches to the same five works, the book shows students how various methods offer different insights enriching their response to and understanding of the individual work. This fourth edition features a new chapter on cultural studies and the inclusion and interpretation of Alice Walker's singularly rich short story *Everyday Use*. **A Handbook of Critical Approaches to Literature**, 1992 **The Worlds of Classical Chinese Aesthetics** Paul R. Goldin, 2024-03-12 This book presents the foundations of classical Chinese aesthetic discourse roughly from the Bronze Age to the early Middle Ages with the following animating questions: What is art? Why do we produce it? How do we judge it? The arts that garnered the most theoretical attention during this time period were music, poetry, calligraphy, and painting, and this book considers the reasons why these four were privileged. Whereas modern artists most likely consider themselves musicians or poets or calligraphers or painters or sculptors or architects, the pre-modern authors who produced the literature that established Chinese aesthetics prided themselves on being *wenren*, cultured people conversant with all forms of art and learning. Other comparisons with Western theories and works of art are presented at due junctures. **Key Features:** Addresses Chinese aesthetic discourse on its own terms. Provides comparisons of key concepts and theories with examples from Western sources. Includes more coverage of primary sources than any other English language book on the subject. Each chapter opens with a helpful summary highlighting the chapter's key themes. **Many Things in Parables** Charles W. Hedrick, 2004-01-01 In this splendid introduction to the elusive rhetorical device central to the New Testament picture of Jesus, Charles Hedrick explores the nature of the parable and its history of use. He asks basic questions such as: what is a parable? Is Jesus really the author of the parables, and what does a parable mean? and then reviews a range of sources from Aesop's fables to modern New Testament scholarship to answer them. He also surveys the various ways the parables have been approached in literary criticism throughout history, giving specific examples of each method and delineating their strengths and weaknesses. *A Handbook of Critical Approaches to Literature* Anuj K. Pathak, 2011 *Literature* Louis Markos, 2012-06-30 Enjoying poetry and novels can seem irrelevant and out of touch in a world of texting, tweeting, and blogging. But even in this technological age, literature matters. Seasoned professor Louis Markos invites us into

the great literary conversation that has been taking place throughout the ages and illuminates the wisdom to be found therein He offers both a guide to studying and understanding literature especially poetry and an inspiring look at what it means to think like poets and view the world through literary eyes This book holds out a truth for all that the understanding and appreciation of literature draws us closer to God his Word and his work in the world

The Perceptive Process: a Introductory Guide to Literary Criticism , Tribals, Empire and God Zhodi Angami, 2017-04-06 Tribal biblical interpretation is a developing area of study that is concerned with reading the Bible through the eyes of tribal people While many studies of reading the Bible from the reader s social cultural and historical location have been made in various parts of the world no thorough study that offers a coherent and substantive methodology for tribal biblical interpretation has been made This book is the first comprehensive work that offers a description of tribal biblical interpretation and shows its application by making a lucid reading of Matthew s infancy narrative from a tribal reader s perspective Using reader response criticism as his primary method Zhodi Angami brings his tribal context of North East India into conversation with Matthew s account of the birth of Jesus Since tribal people of North East India see themselves as living under colonial rule a tribal reader sees Matthew s text as a narrative that actively resists and subverts imperial rule Likewise the tribal experience of living at the margins inspires a tribal reader to look at the narrative from the underside from the perspective of those who are sidelined ignored belittled or forgotten Tribal biblical interpretation presented here follows a process of conversation between tribal worldview and Matthew s narrative Such a method animates the text for the tribal reader and makes the biblical narrative not only more intelligible to the tribal reader but allows the text to speak directly to the tribal context
