Poltergeists Et Hantises Thibault Mireille Thibault, 2014 **The Secret History of Poltergeists and Haunted Houses** Claude Lecouteux, 2012-04-26 What poltergeist accounts through the ages reveal about our own worldviews Provides a wide array of case studies from ancient Greece and Rome to medieval Europe to the modern world Explores the relationship between poltergeists and troubled adolescence Looks beneath the Christian adulteration of pagan practices to reveal the hidden ancestral beliefs tied to poltergeists and haunted houses Stories of poltergeists and their mischievous and sometimes violent actions knocking stone or chair throwing moving objects with invisible hands and slamming or opening doors are a constant through the ages What changes is how we interpret this activity For our pagan ancestors this phenomenon was caused by helper spirits whose manifestations revealed their unhappiness with a household The medieval Christian church demonized these once helpful spirits and held exorcisms to expel them from the houses they haunted which proved effective less than half the time The Age of Enlightenment cast these incidents as clever hoaxes and many still believe this today But poltergeist manifestations continue to appear and often defy attempts to debunk them as pranks What then is behind this phenomenon Exploring accounts of poltergeists from ancient Greece and Rome medieval Europe and the modern world Claude Lecouteux finds that while our interpretations of poltergeists may change the manifestations always follow a similar course and evolution He shows how modern scientific studies of poltergeist manifestations have found a strong tie between these visitations and the presence of a troubled adolescent in the house Looking beneath the Christian adulteration of pagan practices to reveal the hidden ancestral beliefs tied to poltergeists and haunted houses the author shows how these unhappy spirits serve as confirmation of the supernatural beings that share the earth with us and of our relationship with the natural and unseen world a relationship we must take care to keep in balance

Ghost Stories of Eastern Kentucky Bill Carpenter,2011-10 Here in Eastern Kentucky not everyone believes in ghosts but almost everyone has a ghost story to tell Some of the stories I have collected are very personal and others are legends or stories that have been passed down from generation to generation The stories I have collected cover a wide range of topics The topics include everything from strange unexplainable noises to full bodied apparitions Eastern Kentucky is rich with ghost stories and folklore and these are just a few Herman Webb brother of country music icon Loretta Lynn submitted stories of his youth and strange occurrences that took place in the small coal town of Van Lear located in Johnson County Every story in this book means something to the people who shared them with me This book is just a glimpse into the lives legends and stories of the people who live on the Dark and Bloody Ground

Ghost Stories Hannah Tidy,2019-10-06 The stories that rationalizing and excuses can t solve Have you ever had the feeling of being watched in an empty room Or jumped at a fleeting shadow you saw in the corner of your eye Did you tell yourself it was only your imagination We all know a ghost story or two You may have heard them at campfires or sleepovers or maybe you can recall the experience of someone you know Some of these are easy to explain away fading from your memory over time But there are always a few which linger unexplainable and waiting to be remembered the next time you find yourself home alone These stories are different because there s evidence that is difficult to ignore These are not I heard from a friend of a friend stories but events and individuals whose existence can be proven We look to professionals to challenge such claims but what

happens when doctors and lawyers acknowledge and defend possessions and hauntings The dividing line between science and the paranormal suddenly seems less certain When hauntings are used as legal evidence and possessions are reported by renowned physicians the only logical choice is to be open to the possibilities We can no longer deny that terrifying things do happen whether we re looking for them or not Step into the chilling histories of events even the most stubborn skeptics cannot explain tales which sound stranger than fiction but are frighteningly true In Ghost Stories you will find cases that stump skeptics and span the globe Inside you will discover 30 chilling tales of ghosts and demons that will have you leaving on your lights next time you go to sleep at night The dark histories behind well known stories like Dracula Snow White and more How hauntings have evolved in the digital age The story behind the sprawling Winchester house and its staircases leading to nowhere The asylum where thousands of patients were tortured leaving nothing but an echo of its past Why you should never try to explore the Paris catacombs unless you re wanting an unpleasant surprise The history of the real life doll that inspired Chucky How a Ouija board affected an entire town And much more If you find yourself scoffing at the idea of demons and ghosts hold your judgment until you ve read the compelling research presented We try to define our world in clear rational terms But time and time again experiences teach us that the world is not rational and that denying the unexplainable won t make it go away If you re ready to discover what lurks in the shadows and stalks in the night then scroll up and click the Add to Cart button right now Be sure to leave your nightlight on
