Happiness And Virtue Ethics In Business The Ultimate Value Proposition:

Happiness and Virtue Ethics in Business Alejo G Sison,2014 **Happiness and Virtue Ethics in Business** Alejo José G. Sison,2014-12-22 Research on happiness has steadily increased over the last decade with different streams of inquiry converging into what has come to be known as modern happiness studies MHS In this book Alejo Jos G Sison draws on the latest research in economics and psychology as well as Aristotelian virtue ethics to show why happiness is the ultimate value proposition for business Using non technical language and a number of illustrative vignettes he proposes ways for businesses to cultivate the virtues providing advice on production and service enhancement customer satisfaction employee well being and overall organizational wellness This book will appeal to a wide readership including graduate students and researchers in business ethics moral philosophy and positive psychology *Happiness and Virtue Ethics in Business* Alejo G. Sison,2015 This book combines research in economics and psychology with Aristotelian virtue ethics to show why happiness is the ultimate value proposition for business *The Routledge Companion to Business Ethics* Eugene Heath,Byron Kaldis,Alexei Marcoux,2018-02-12 The field of business ethics continues to expand intellectually and geographically During the past five decades scholars have developed and deepened their inquiries into the ethics of commercial and corporate conduct This Companion provides a novel overview of the discipline of business ethics covering the major areas of the field as well as new and emerging topics The eight thematic units range over an extraordinary set of subjects and include chapters on the history and pedagogy of business ethics moral philosophy the nature of business responsibilities within the firm economic institutions the 2008 financial crisis globalization and business ethics in different regions of the world Led by a well respected editorial team this unique volume gathers an international array of experts whose various critical approaches yield insights from areas such as public policy economics law and history in addition to business and philosophy With its fresh analyses wide scope and clarity of approach this volume will be an essential addition to library collections in business management and applied ethics *Encyclopedia of Business and Professional Ethics* Deborah C Poff,Alex C. Michalos,2023-05-24 This encyclopedia edited by the past editors and founder of the Journal of Business Ethics is the only reference work dedicated entirely to business and professional ethics Containing over 2000 entries this multi volume major research reference work provides a broad based disciplinary and interdisciplinary approach to all of the key topics in the field The encyclopedia draws on three interdisciplinary and over lapping fields business ethics professional ethics and applied ethics although the main focus is on business ethics The breadth of scope of this work draws upon the expertise of human and social scientists as well as that of professionals and scientists in varying fields This work has come to fruition by making use of the expert academic input from the extraordinarily rich population of current and past editorial board members and section editors of and contributors to the Journal of Business Ethics Strategy, Power and CSR Santiago García-Álvarez,Connie Atristain-Suárez,2020-07-24 In today s global and complex environment traditional views towards

organizational management are not enough for businesses to thrive It s only by bringing together different approaches can management styles develop fast enough to keep pace with the ever changing big picture *New Seeds of Profit* Mark S. Ferrara,2019-04-19 When Captain Christopher Newport and his crew landed on the muddy banks of the James River in 1607 after four months at sea they aimed to establish a new colony not for God or the greater good of humanity but for the sake of profit The Pilgrims who settled in Cape Cod in 1620 as agents of Plymouth Company found evidence of divine election in the fortunes they accumulated from a lucrative system of town founding in the New World The innovative and often ruthless entrepreneurs who followed these colonists carved out the immense North American frontier wilderness from the Atlantic Ocean to the golden sands of the California coast and they forged industrial and technological revolutions that shook the world *New Seeds of Profit* examines the role of business leaders from George Washington to Donald Trump in shaping the United States into a business nation unlike any other in world history By tracing the influence of industry and commerce on American society through portraits of successful entrepreneurs this book sheds light on the esteemed place Americans reserve for their wealthiest business leaders and it measures the true cost of that adulation by demonstrating how enterprise driven solely by the bottom line imperils people and the environment In a story teeming with the heroes and villains of enterprise *New Seeds of Profit* offers an innovative business model that provides meaningful work to employees and socially responsible returns to investors while encouraging sustainable stewardship of the earth and advancing the common good

Cultivating Virtue in the University Jonathan Brant,Edward Brooks,Michael Lamb,2022 Historically character education has been an important aim of many universities Yet while the last few decades have witnessed increased interest in character education among children and adolescents much less attention has been given to the formation of university students in the midst of a crucial period of intellectual and ethical development *Cultivating Virtue in the University* offers insights into why educating character might be an important aim for universities and how institutions might integrate it in an increasingly global and pluralistic age The book will interest scholars faculty staff and administrators considering whether they might want to integrate character into their institutions as well as public audiences eager to explore the purpose of the university at a time when the future of higher education is under intense debate Humanistic Perspectives in Hospitality and Tourism, Volume 1 Kemi Ogunyemi,Omowumi Ogunyemi,Ebele Okoye,2022-05-28 This book the first of two volumes uses a framework of philosophical anthropology and the concepts of humanistic leadership and humanistic management to explore the value of work in the hospitality and tourism industry It presents robust theoretical and practical implications for professionalism and excellence at work This volume addresses the hospitality professional beginning with an exploration of the foundational literature before moving on to discuss topics like the concept of human dignity at work how one can find meaning within the hospitality industry spirituality at work philosophy in the world of work and personal development These volumes will be of use to academics and practitioners in the fields of hospitality and tourism management humanistic and

transformational leadership corporate social responsibility human resource management customer service and workplace spirituality

Business Ethics Alejo José G. Sison, Ignacio Ferrero, Gregorio Guitián, 2018-03-09 Can business activities and decisions be virtuous This is the first business ethics textbook to take a virtue ethics approach It explains how virtue ethics compares with alternative approaches to business ethics such as utilitarianism and deontology and argues that virtue ethics best serves the common good of society Looking across the whole spectrum of business including finance governance leadership marketing and production each chapter presents the theory of virtue ethics and supports students learning with chapter objectives in depth interviews with professionals and real life case studies from a wide range of countries Business Ethics A Virtue Ethics and Common Good Approach is a valuable text for advanced undergraduates and masters level students on business ethics courses

Cambridge Handbook of Research Approaches to Business Ethics and Corporate Responsibility Patricia H. Werhane, R. Edward Freeman, Sergiy Dmytriiev, 2017-11-16 While there is a large and ever expanding body of work on the fields of business ethics and corporate social responsibility CSR there is a noted absence of a single source on the methodology and research approaches to these fields In this book the first of its kind leading scholars in the fields gather to analyse a range of philosophical and empirical approaches to research in business ethics and CSR It covers such sections as historical approaches normative and behavioural methodologies quantitative qualitative and experimental perspectives grounded theory and case methodologies and finally a section on the role of the researcher in research projects This book is a valuable and essential read for all researchers in business ethics and CSR not only for those starting out in the fields but also for seasoned scholars and academics

Moral Human Agency in Business Mona Margareta Ericson, 2018-01-25 In recent years corporate accounting scandals have received considerable media attention raising concerns about unethical practice in the business world Faced with a decline in society's trust in business research into the ethics of organisations and their leaders is now of critical importance In this timely book Ericson focuses on the moral human agency involved in business by leading the reader through the full span of the activities involved in coffee production from bean to cup Illustrating the ethical implications and opportunities involved in producing L'bergs coffee Ericson highlights the importance of the morally imbued connections made between practitioners and other participants These activities can contribute to a sustainable profitable and competitive future whilst at the same time accounting for justice through a reciprocity of mutual benefit respect and meaning Promoting the reintroduction of ethics in strategy research this book will be of great interest and use to strategy researchers business leaders and sustainability directors

The SAGE Encyclopedia of Business Ethics and Society Robert W. Kolb, 2018-03-27 Spans the relationships among business ethics and society by including numerous entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment

Postcritical Management Studies Ghislain

Deslandes,2023-05-26 This book is the first of its kind to offer a new definition of contemporary management It uses Michel Henry s philosophy and takes the real sensitive and pathetic subjectivity of individuals as the starting point of the analysis as opposed to the usual large categories of representations resources images and discourses This book thus proposes to rethink management by insisting on the dialectic of strength and vulnerability its power of constraint imitation and imagination and finally its framework of action situated in a fourfold concern for the self for people for institutions and for the environment These different notions are useful in order to experience a deeper understanding of management that is free from the obsolescence of the distant recommendations of ancient protomanagement and the outdated and dubious prescriptions of the so called scientific management **Humanizing Business** Michel Dion,R. Edward Freeman,Sergiy D.

Dmytriyeu,2022-05-30 This book is about humanizing business In contrast to the mainstream modern management and leadership literature this book provides distinctly humane perspectives on business The volume travels outside the world of business to explore what Humanities such as Philosophy History Literature Creative Arts and Cultural Studies can offer to business Renowned scholars from different Humanities disciplines as well as management researchers exploring the heritage of Humanities convey what it actually means to make business more humane The book strives to humanize business It aims to show that it is not people who have to suppress their human feelings aspirations and beliefs when they are at their workplaces but it is business itself that needs to be redefined by the human norms of human beings Companies should care about their employees and other stakeholders letting them be themselves i e be human at work and beyond The book will be of interest to management scholars across various business disciplines It can also be used as teaching material in the classroom with MBA students especially in Business Ethics Business and Society Sustainability Organizational Behavior Human Resource Management and other management courses The volume will also be of interest to scholars that work in different Humanities fields and whose interests span organizations management and business Finally many practitioners in the business world especially those in managerial and leadership positions will find the book both thought provoking and useful for them as well Chapter 37 is available open access under a Creative Commons Attribution 4 0 International License via link [springer com](https://www.springer.com) **Handbook of Virtue Ethics in Business and Management** Alejo José G.
