Language across the Curriculum and the NLS itself They offer a critique of the strategy and outline its strengths and weaknesses The book sets out evidence of the way schools are reacting to the NLS and what classroom teachers and their pupils think Its coverage is comprehensive and includes focus on primary secondary and middle schools the teaching of literacy and English the role of ICT as well as important areas such as media education drama and modern foreign languages This book will be useful to education students and to practicing teachers in primary and secondary schools English in Mind Level 1 Teacher's Resource Book Brian Hart,Mario Rinvoluceri,Herbert Puchta,Jeff Stranks,2010-02-25 This second edition updates a course which has proven to be a perfect fit for classes the world over Engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students The Teacher s Resource Book contains extra photocopiable grammar and communication activities and full pages of teaching tips and ideas specially written by methodology expert Mario Rinvoluceri A Testmaker Audio CD CD ROM which allows teachers to create and edit their own tests is also available separately as is Classware which integrates the Student s Book class audio and video
