How To Get Rid Of Homeless Volume 1:

Halfkinds Volume 1: Contact Andrew Vu, In the twenty fourth century a scientific experiment gave a few species the gift of intelligence and after much struggle they've carved out a place in society. By the thirtieth century humans find themselves co-existing negotiating and residing on Earth with these animals as equals. Maya Lawton is a lonely prostitute living in this world. She gives birth to the first halfkinds creatures who are half animal kind and half mankind. Since interspecies breeding is illegal she is forced into seclusion and raises them alone. Then one day without warning she dies and her death leads to their discovery. Abandoned and lost this family of halfkinds plan to escape to a terraformed moon. But the law is after them. The order is to kill sent by the highest authority the United Species Alliance. What separates the Halfkinds series from the rest isn't only its unique premise but also its structure. Chapters shift between the first person POV's of key characters and are presented in a non-linear fashion in order to create a mounting suspense that will keep the reader riveted until the end. Various plot twists occur within the story and the different character viewpoints help alter the tone as you go along to give an unbiased presentation of their motives and actions. The setting allows a diverse cast of characters some human many not to send a message that intelligence is a power that we take for granted and when given to other species the world becomes a dangerous place. The Book on Ending Homelessness Iain De Jong, 2019-10-25 The Book on Ending Homelessness provides insights for

those in the industry elected officials policy makers funders public servants and the general public on the best ways to move from managing homelessness to ending homelessness While ending homelessness may seem to be a whacky or even preposterous idea Iain De Jong takes more than two decades of experience as an award winning industry leader to lay out how and why homelessness can be ended in very practical ways This book will provoke and teach serving as both inspiration and an instruction manual for those serious about combatting one of the most important social issues of our time The book will reshape how you think about homelessness as well as how strategies like sheltering street outreach and day services all play a role in ending homelessness when operated with a housing focused lens and the right service orientation No doubt the book will reassure some that their thinking and actions regarding homelessness are bang on while challenging others to think and respond differently in what they do and how they invest their money Many of the ideas in the book elaborate upon ideas that Iain shares in his blog keynote speeches and conference presentations as well as the training series that Iain and his team have been offering for the past decade If you are involved in homelessness issues or concerned about homelessness this book is essential reading *The Quiver.
