The Complete Idiot's Guide to Electrical Repair Terry Meany, 2000-02-07 The Complete Idiot's Guide to Electrical Repair is a basic instruction manual on home wiring and repair. The book covers AC DC volts watts fuses and circuit breakers national and local codes and caution signs and safety concerns. Learn when it's best to do it yourself and when you need to bring in the pros. Also covered are extension cords and multiple strips switches and receptacles installing fixtures and adding new circuits and working around existing wiring.

How to Repair Your Car Paul Brand, From Motorbooks the leader in automotive publishing for over 4 decades comes the most practical car care guide ever produced to help the average car owner maintain and repair his or her vehicle. How to Repair Your Car. In this easy to follow guide author Paul Brand a nationally known automotive expert takes you through the steps of auto maintenance and repair simple steps that could add years to a car's life and save a driver thousands of dollars in repairs. This is also the only car maintenance and repair guide on the market to contain 50 do it yourself projects in full color step by step instructions that are easy to follow and understand. Focusing on post 1985 cars with occasional explanations about earlier models Brand introduces readers to the rudiments of automotive systems from electrical fuel and cooling to drivetrain suspension tires brakes and exhaust and discusses problems that arise in each system. The book includes practical advice for readers with only a passing knowledge of cars as well as the basics of caring for a car's exterior and interior. How to Repair Your Car is a must have for any car owner who wants to extend the life of his or her car learn how to perform car maintenance or repair instead of paying a mechanic diagnose simple noises and knocks as well as learn tips for knowing exactly what they're paying for when their car goes to the shop.

Auto Repair For Dummies Deanna Sclar, 2019-01-07 Auto Repair For Dummies 2nd Edition 9781119543619 was previously published as Auto Repair For Dummies 2nd Edition 9780764599026. While this version features a new Dummies cover and design the content is the same as the prior release and should not be considered a new or updated product. The top selling auto repair guide 400 000 copies sold now extensively reorganized and updated. Forty eight percent of U S households perform at least some automobile maintenance on their own with women now accounting for one third of this 34 billion automotive do it yourself market. For new or would be do it yourself mechanics this illustrated how to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview making it much easier to find hands on fix it instructions. Author Deanna Sclar has updated systems and repair information throughout eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune ups and oil changes included driving tips that can save on maintenance and repair costs and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance this book is the place to start.
