span decades and cross continents plunging into the darkest corners of 20th century history to reveal a secret society of beings who may often exist behind the world's most horrible and violent events. Killing from a distance and by darkly manipulative proxy, they are people with the psychic ability to use humans, read their minds, subjugate them to their wills, experience through their senses, feed off their emotions, force them to acts of unspeakable aggression. Each year three of the most powerful of this hidden order meet to discuss their ongoing campaign of induced bloodshed and deliberate destruction. But this reunion, something will go terribly wrong. Saul's quest is about to reach its elusive object, drawing hunter and hunted alike into a struggle that will plumb the depths of mankind's attraction to violence and determine the future of the world itself. Epic in scale and scope but intimately disturbing, *Carrion Comfort* spans the ages to rewrite history and tug at the very fabric of reality. A nightmarish chronicle of predator and prey that will shatter your world view forever. A true classic.

Sensational Modernism Joseph B. Entin, 2012-09-01 Challenging the conventional wisdom that the 1930s were dominated by literary and photographic realism, *Sensational Modernism* uncovers a rich vein of experimental work by politically progressive artists. Examining images by photographers such as Weegee and Aaron Siskind, and fiction by writers such as William Carlos Williams, Richard Wright, Tillie Olsen, and Pietro di Donato, Joseph Entin argues that these artists drew attention to the country's most vulnerable residents by using what he calls an aesthetic of astonishment, focused on startling graphic images of pain, injury, and prejudice. Traditional portrayals of the poor depicted stoic, passive figures of sentimental suffering or degraded but potentially threatening figures in need of supervision. Sensational modernists sought to shock middle-class audiences into new ways of seeing the nation's impoverished and outcast populations. The striking images these artists created, often taking the form of contorted or disfigured bodies drawn from the realm of the tabloids, pulp magazines, and cinema, represented a bold experimental form of social aesthetics. Entin argues that these artists created a willfully unorthodox brand of vernacular modernism in which formal avant-garde innovations were used to delineate the conditions, contradictions, and pressures of life on the nation's fringes.
