The Clear Line in Comics and Cinema David Pinho Barros,2022-06-30 Historical and theoretical analysis of the clear line style in comics and cinema The clear line a term coined in 1977 by Dutch essayist and artist Joost Swarte has become shorthand in the field of comics studies for the style originally developed by Herg and the cole de Bruxelles It refers to certain storytelling strategies that generate a deceptively simple lucid and hygienic narration in Philippe Marion s words it is a style made out of light fluidity and limpid clarity By cataloguing and critically analysing clear line comics from historical and theoretical perspectives this book offers a new outlook on the development of the style in the 20th and 21st centuries especially focused on the context of the European bande dessin e In addition it pioneeringly expands the concept of clear line to other artistic domains by introducing and defending its transmedial use which is particularly relevant for the understanding of the oeuvres of certain filmmakers of the 20th century working in the postwar period such as Yasujir Ozu in Japan Jacques Tati in France and Frank Tashlin in the United States The Clear Line in Comics and Cinema is therefore a key theoretical work for both bande dessin e enthusiasts and comics scholars as well as a fundamental contribution to present day film studies and transmedial narratology **Los Muestros** ,2000 [Livres de France](#) ,2002 [Les inrockuptibles](#) ,2000-07
